# Memo

To: Pastors, Parochial Administrators & Parish Secretaries  
From: Kathy Conner, Chancellor  
Date: September 18, 2017  
Subject: Official Catholic Directory Report

---

In year's past, you would have received from us by now the infamous pink Official Catholic Directory (OCD) Report to update your parish information.

I wanted to let you know that we will still be collecting the data but there is a several week delay. The OCD publisher is testing out a new system for collecting data which has caused this delay.

Be assured that as soon as we are notified about the collection of your parish data, we will let you know the timeframe and the mechanism for its collection. Thank you for your patience.
