

LOVE YOUR NEIGHBORS

More than 65 MILLION people are now counted as forcibly displaced by the United Nations. Throughout this humanitarian crisis, Sacramento has had the honor of welcoming more than 10,000 refugees over the last four years – making us the most welcoming city within the United States.

To celebrate and raise awareness for World Refugee Day, the Sacramento Republic FC and Sacramento's five refugee resettlement agencies are partnering with the California Department of Social Services, Refugee Programs Bureau to host a refugee soccer tournament and community carnival.

Our goal is to bring together the refugee community and the Northern California community to commemorate the strength, courage and perseverance of the refugees within our region and to celebrate Sacramento's response to the global refugee crisis. Join us!
