DIOCESE OF SACRAMENTO 403(B) PLAN
SUMMARY OF PLAN PROVISIONS

INTRODUCTION TO YOUR PLAN

Diocese of Sacramento 403(b) Plan ("Plan") has been adopted to provide you with the opportunity to save for retirement on a tax
advantaged basis. This Plan is a type of retirement plan known as a 403(b) plan.

This Summary of Plan Provisions contains information regarding when you may become eligible to participate in the Plan, your Plan
benefits, your distribution options, and many other features of the Plan. You should take the time to read this summary to understand
the features of the Plan.

If you have any questions about the Plan, contact the Plan Administrator or other Plan representative. The Plan Administrator is
generally responsible for responding to questions and making determinations related to the administration, interpretation, and
application of the Plan, unless those responsibilities have been delegated to other parties. The name of the Plan Administrator can be
found at the end of this summary in the Article entitled "General Information about the Plan."

This summary describes the Plan's benefits and obligations as contained in the legal Plan document, which governs the operation of
the Plan. The Plan document is written in much more technical and precise language and is designed to comply with applicable legal
requirements. If the non-technical language in this summary and the technical, legal language of the Plan document conflict, the Plan
document always governs. If you wish to receive a copy of the legal Plan document, please contact the Plan Administrator.

The Plan, and your rights under the Plan, are subject to federal laws such as the Internal Revenue Code and other federal and state
laws. The provisions of the Plan are subject to revision due to a change in laws. Your Employer may also amend or terminate this
Plan.

Investment arrangement. The investment products you select (known as investment arrangements) may also affect the provisions of
the Plan. In some cases the investment arrangements may limit your options under the Plan. This summary does not address the
provisions of the various investment arrangements. You should contact the Plan Administrator or the investment provider if you have
questions about the provisions of your specific investment arrangements.

Types of contributions. The following types of contributions are allowed under this Plan:

- Employee elective deferrals including Roth Deferrals
- Employer nonelective contributions
- Employee rollover contributions

ARTICLE I
PARTICIPATION IN THE PLAN

How do I participate in the Plan?

Provided you are not an Excluded Employee, you can begin participating under the Plan once you have satisfied the eligibility
requirements and reached your Entry Date, except as indicated below for reclassified employees. The following describes Excluded
Employees, the eligibility requirements and Entry Dates that apply.

Elective Deferrals

Excluded Employees. If you are a member of a class of employees identified below, you are an Excluded Employee and you
are not entitled to participate in the Plan for purposes of elective deferrals. The employees who are excluded are:

- certain nonresident aliens who have no earned income from sources within the United States

Nonelective Contributions

Excluded Employees. If you are a member of a class of employees identified below, you are an Excluded Employee and you
are not entitled to participate in the Plan for purposes of nonelective contributions. The employees who are excluded are:

- certain nonresident aliens who have no earned income from sources within the United States
- union employees whose employment is governed by a collective bargaining agreement under which retirement benefits
  were the subject of good faith bargaining
• Part-Time Employees who normally work less than 20 hours per week
• Temporary Employees whose regular and customary employment is less than five months in a Plan Year
• Priests
• Nuns
• religious members
• non-W-2 Employees
• Independent Contractors
• Employees paid only by commissions
• and a worker who is subsequently determined to be a common law Employee

Eligibility Conditions. You will be eligible to participate in the Plan for purposes of nonelective contributions when you have satisfied the following eligibility condition(s) and reached the Entry Date (described below).

• completion of one (1) Year of Service

Entry Date. For purposes of nonelective contributions, your Entry Date will be the first day of the month coinciding with or next following the date on which you satisfy the eligibility requirements.

Reclassified Employee
Regardless of the above, if it is determined that your Employer erroneously classified you as a non-Employee and you should have been treated as an Employee, you are not entitled to participate in the Plan.

How is my service determined for purposes of Plan eligibility?
Year of Service. You will be credited with a Year of Service at the end of the twelve-month period beginning on your date of hire if you have been credited with at least 1,000 Hours of Service for such period. If you have not been credited with 1,000 Hours of Service by the end of such period, you will have completed a Year of Service at the end of any following Plan Year during which you were credited with 1,000 Hours of Service.

Hour of Service - Employees for whom hourly records are kept. You will be credited with your actual Hours of Service for:

(a) each hour for which you are directly or indirectly compensated by the Employer for the performance of duties during the Plan Year;

(b) each hour for which you are directly or indirectly compensated by the Employer for reasons other than the performance of duties (such as vacation, holidays, sickness, disability, lay-off, military duty, jury duty or leave of absence during the Plan Year) but credit will not exceed 501 hours of service for any single continuous period during which you perform no duties; and

(c) each hour for back pay awarded or agreed to by the Employer.

You will not be credited for the same Hours of Service both under (a) or (b), as the case may be, and under (c).

Hour of Service - Employees for whom hourly records are not kept. The Plan does not credit you with your actual Hours of Service. Instead the Plan uses the weekly "equivalency" method. Under the "equivalency" method, if you complete one Hour of Service during this period, you will be credited with Hours of Service as though you were a full-time Employee for that period.

What service is counted for purposes of Plan eligibility?
Service with the Employer. In determining whether you satisfy the minimum service requirements to participate under the Plan, all service you perform for the Employer will generally be counted.

Military Service. If you are a veteran and are reemployed under the Uniformed Services Employment and Reemployment Rights Act of 1994, your qualified military service might be considered service with the Employer. If you might be affected by this law, ask the Plan Administrator for further details.

What happens if I'm a Participant, terminate employment and then I'm rehired?
If you are no longer a Participant because of a termination of employment, and you are rehired, then you will be able to participate in the Plan on the date on which you are rehired if you are otherwise eligible to participate in the Plan.
ARTICLE II
EMPLOYEE CONTRIBUTIONS

What are elective deferrals and how do I contribute them to the Plan?

Elective Deferrals. As a Participant under the Plan, you may elect to reduce your compensation by a specific amount and have that amount contributed to the Plan as an elective deferral. There are two types of elective deferrals: Pre-Tax Deferrals and Roth Deferrals. For purposes of this summary, "elective deferrals" generally means both Pre-Tax Deferrals and Roth Deferrals. Regardless of the type of elective deferral you make, the amount you defer is counted as compensation for purposes of Social Security taxes.

Pre-Tax Deferrals. If you elect to make Pre-Tax Deferrals, then your taxable income is reduced by the deferral contributions so you pay less in federal income taxes. Later, when the Plan distributes the deferrals and earnings, you will pay the taxes on those deferrals and the earnings. Therefore, with a Pre-Tax Deferral, federal income taxes on the elective deferral contributions and on the earnings are only postponed. Eventually, you will have to pay taxes on these amounts.

Roth Deferrals. If you elect to make Roth Deferrals, the elective deferrals are subject to federal income taxes in the year of elective deferral. However, the elective deferrals and, in certain cases, the earnings on the elective deferrals are not subject to federal income taxes when distributed to you. In order for the earnings to be tax free, you must meet certain conditions. See "What are my tax consequences when I receive a distribution from the Plan?" below.

You will always be 100% vested in your elective deferrals (see the Article in this summary entitled "Vesting").

Elective Deferral procedure. The amount you elect to defer will be deducted from your pay in accordance with a procedure established by the Plan Administrator. If you wish to defer, the procedure will require that you enter into a Salary Reduction Agreement. You may elect to defer a portion of your compensation payable on or after your Entry Date. Such election will become effective as soon as administratively feasible after it is received by the Plan Administrator. If you enter a Salary Reduction Agreement, your election will remain in effect until you modify or terminate it unless notified by the Employer.

Your deferral election will also apply to irregular pay (e.g., bonuses). Also, your deferral election will not apply to amounts that are taxable but not payable in cash (such as taxable fringe benefits).

Deferral modifications. You are permitted to revoke your salary deferral election at any time during the Plan Year. You may make a new election or modify an existing election as of each payroll period or in accordance with any other procedure that your Employer provides. Any modification will become effective as soon as administratively feasible after it is received by the Plan Administrator.

Elective Deferral Limit. Your total elective deferrals in any taxable year cannot exceed a dollar limit which is set by law. The limit for 2018 is $18,500. After 2018, the dollar limit may increase for cost-of-living adjustments. See the paragraph below on Annual dollar limit.

Age 50 Catch-Up Deferrals. If you are at least age 50 or will attain age 50 before the end of a calendar year, then you may elect to defer additional amounts (called Age 50 Catch-Up Deferrals) to the Plan as of the January 1st of that year. You can defer the additional amounts regardless of any other limitations on the amount you can defer to the Plan. The maximum Age 50 Catch-Up Deferrals that you can make in 2018 is $6,000. After 2018, the maximum might increase for cost-of-living adjustments.

Annual dollar limit. You should also be aware that each separately stated annual dollar limit on the amount you may defer (the annual deferral limit and the "catch-up contribution" limit) is a separate aggregate limit that applies to all such similar salary deferral amounts and "catch-up contributions" you may make under this Plan and any other cash or deferred arrangements (including other tax-sheltered 403(b) annuity contracts, simplified employee pensions or 401(k) plans) in which you may be participating. Generally, if an annual dollar limit is exceeded, then the excess must be returned to you in order to avoid adverse tax consequences. For this reason, it is desirable to request in writing that any such excess salary deferral amounts and "catch-up contributions" be returned to you.

If you are in more than one plan, you must decide which plan or arrangement you would like to return the excess. If you decide that the excess should be distributed from this Plan, you must communicate this in writing to the Plan Administrator no later than the March 1st following the close of the calendar year in which such excess deferrals were made. However, if the entire dollar limit is exceeded in this Plan or any other plan the Employer maintains, then you will be deemed to have notified the Plan Administrator of the excess. The Plan Administrator will then return the excess deferral and any earnings to you by April 15th.

What are rollover contributions?

Rollover contributions. Subject to the provisions of your investment arrangements and at the discretion of the Plan Administrator, if you are a Participant who is currently employed or an Eligible Employee, you might be permitted to deposit into the Plan distributions you have received from other plans and certain IRAs. Such a deposit is called a "rollover" contribution and might result in tax savings to you. You may ask the Plan Administrator of the other plan or the trustee or custodian of the IRA to directly transfer (a "direct rollover") to this Plan all or a portion of any amount that you are entitled to receive as a distribution from such plan. Alternatively, you may elect to deposit any amount eligible to be rolled over within 60 days of your receipt of the distribution. You should consult qualified counsel to determine if a rollover is in your best interest.
Rollover account. Your rollover contribution will be accounted for in a "rollover account." You will always be 100% vested in your "rollover account" (see the Article in this summary entitled "Vesting"). Rollover contributions will be affected by any investment gains or losses. In addition, any Roth deferrals that are accepted as rollovers in this Plan will be accounted for separately.

Withdrawal of rollover contributions. You may withdraw the amounts in your "rollover account" at any time.

ARTICLE III
EMPLOYER CONTRIBUTIONS

This Article describes Employer contributions that will be made to the Plan and how your share of the contributions is determined.

What is the Employer nonelective contribution and how is it allocated?

Nonelective contribution. Each pay period, the Employer will make to the Plan a nonelective contribution equal to 6% of the compensation of all Participants eligible to share in allocations. Your share of the contribution is determined below.

Allocation conditions. You will always share in the nonelective contribution regardless of the amount of service you complete during the Plan Year.

Your share of the contribution. The nonelective contribution will be "allocated" or divided among Participants eligible to share in the contribution for the Plan Year.

Your share of the nonelective contribution will be determined by the formula for making that contribution.

What are forfeitures and how are they used?

Definition of forfeitures. In order to reward employees who remain employed with your Employer for a long period of time, the law permits a "vesting schedule" to be applied to certain contributions that your Employer makes to the Plan. This means that you will not be entitled to ("vested" in) all of the contributions until you have been employed with your Employer for a specified period of time (see the Article in this summary entitled "Vesting"). If a Participant terminates employment before being fully vested, then the non-vested portion of the terminated Participant's account balance remains in the Plan and is called a forfeiture. Forfeitures might be used by the Plan for several purposes.

Use of forfeitures. Forfeitures will be used as follows:

- Forfeitures may be used to pay plan expenses.
- Forfeitures may be used to reduce Nonelective Contributions, QNECs or Safe Harbor Contributions (as applicable).

ARTICLE IV
COMPENSATION AND ACCOUNT BALANCE

What compensation is used to determine my Plan benefits?

All Contributions

Definition of compensation. Compensation is defined as your total compensation that is subject to income tax and paid to you by your Employer for the Plan Year. The following describes the adjustments to compensation that apply for the contributions noted above.

Adjustments to compensation. The following adjustments to compensation will be made:

- elective deferrals to this Plan and to any other plan or arrangement (such as a cafeteria plan) will be included.
- compensation paid while not a Participant in the component of the Plan for which compensation is being used will be excluded.
- compensation paid after you terminate is generally excluded for Plan purposes. However, the following amounts will be included in compensation even though they are paid after you terminate employment, provided these amounts would otherwise have been considered compensation as described above and provided they are paid within 2 1/2 months after you terminate employment, or if later, the last day of the Plan Year in which you terminate employment:
  - compensation paid for services performed during your regular working hours, or for services outside your regular working hours (such as overtime or shift differential), or other similar payments that would have been made to you had you continued employment.
Is there a limit on the amount of compensation which can be considered?  

The Plan, by law, cannot recognize annual compensation in excess of a certain dollar limit. The limit for the Plan Year beginning in 2018 is $275,000. After 2018, the dollar limit might increase for cost-of-living adjustments.

Is there a limit on how much can be contributed to my account each year?  

The law imposes a limit on the amount of contributions (both Employer contributions and elective deferrals, but excluding Age 50 Catch-Up Deferrals) that may be made to your accounts during a year. For 2018, this total cannot exceed the lesser of $55,000 or 100% of your includible compensation (generally your compensation for any 12-month period, as limited under the previous question). After 2018, the dollar limit might increase for cost-of-living adjustments.

The above limit may also need to be applied by taking into account contributions made to other retirement plans in which you are a participant. If you have more than 50% control of a corporation, partnership, and/or sole proprietorship, then the above limit is based on contributions made in this Plan as well as contributions made to any 403(b) or qualified plans maintained by the businesses you control. If you control another business that maintains a plan in which you participate, then you are responsible for providing the Plan Administrator with information necessary to apply the annual contribution limits. If you fail to provide necessary and correct information to the Plan Administrator, it could result in adverse tax consequences to you, including the inability to exclude contributions to the Plan from your gross income for tax purposes.

How is the money in the Plan invested?  

The Plan assets may be invested in mutual funds and Annuity Contracts. Contact the Plan Administrator for further details regarding the investments.

You will be able to direct the investment of your Plan account, including your elective deferrals. The Plan Administrator will provide you with information on the investment choices available to you, the frequency with which you can change your investment choices and other information. If you do not direct the investment of your Plan account, then your account will be invested in accordance with the default investment alternatives your Employer establishes under the Plan.

When you direct investments, your account is segregated for purposes of determining the earnings or losses on these investments. Your account does not share in the investment performance for other Participants who have directed their own investments.

You should remember that the amount of your benefits under the Plan will depend in part upon your choice of investments. Gains as well as losses can occur and your Employer and the Plan Administrator will not provide investment advice or guarantee the performance of any investment you choose.

Periodically, you will receive a benefit statement that provides information on your account balance and your investment returns. It is your responsibility to notify the Plan Administrator of any errors you see on any statements within 30 days after the statement is provided or made available to you.

Will Plan expenses be deducted from my account balance?  

Expenses allocated to all accounts. Subject to the terms of the investment arrangements funding the plan, the Plan might pay some or all Plan related expenses except for a limited category of expenses which the law requires your Employer to pay. The category of expenses which your Employer must pay are known as "settlor expenses." Generally, settlor expenses relate to the design, establishment or termination of the Plan. The expenses charged to the Plan might be charged pro rata to each Participant in relation to the size of each Participant's account balance or might be charged equally to each Participant. In addition, some types of expenses might be charged only to some Participants based upon their use of a Plan feature or receipt of a Plan distribution. Finally, the Plan might charge expenses in a different manner as to Participants who have terminated employment with your Employer versus those Participants who remain employed with your Employer.

Terminated employee. After you terminate employment, subject to the terms of the investment arrangements funding the Plan, your Employer reserves the right to charge your account for your pro rata share of the Plan's administration expenses, regardless of whether your Employer pays some of these expenses on behalf of current employees.

Expenses allocated to individual accounts. There are certain other expenses that might be paid just from your account subject to the terms of the investment arrangements funding the Plan. These are expenses that are specifically incurred by, or attributable to, you. For example, if you are married and get divorced, the Plan might incur additional expenses if a court mandates that a portion of your account be paid to your ex-spouse. These additional expenses might be paid directly from your account (and not the accounts of other Participants) because they are directly attributable to you under the Plan. The Plan Administrator will inform you when there will be a charge (or charges) directly to your account.
Your Employer might, from time to time, change the manner in which expenses are allocated.

**ARTICLE V**

**VESTING**

**What is my vested interest in my account?**

In order to reward employees who remain employed with your Employer for a long period of time, the law permits a "vesting schedule" to be applied to certain contributions that your Employer makes to the Plan. This means that you will not be entitled to ("vested in") all of the contributions until you have been employed with your Employer for a specified period of time.

**100% vested contributions.** You are always 100% vested (which means that you are entitled to all of the amounts) in your accounts attributable to the following contributions:

- elective deferrals including Roth 403(b) deferrals and catch-up contributions
- rollover contributions

**Vesting schedules.** Your "vested percentage" for certain Employer contributions is based on vesting Years of Service. This means at the time you stop working, your account balance attributable to contributions subject to a vesting schedule is multiplied by your vested percentage. The result, when added to the amounts that are always 100% vested, is your vested interest in the Plan, which is what you will actually receive from the Plan. You will always, however, be 100% vested in all of your contributions if you are employed on or after your Normal Retirement Age or if you terminate employment on account of your death or as a result of becoming disabled.

**Nonelective Contributions**

Your "vested percentage" in your account attributable to nonelective contributions is determined under the following schedule.

<table>

**How is my service determined for vesting purposes?**

**Year of Service.** To earn a Year of Service, you must be credited with at least 1,000 Hours of Service during a Plan Year. The Plan contains specific rules for crediting Hours of Service for vesting purposes. The Plan Administrator will track your service and will credit you with a Year of Service for each Plan Year in which you are credited with the required Hours of Service, in accordance with the terms of the Plan. If you have any questions regarding your vesting service, you should contact the Plan Administrator.

**Hour of Service - Employees for whom hourly records are kept.** You will be credited with your actual Hours of Service for:

(a) each hour for which you are directly or indirectly compensated by your Employer for the performance of duties during the Plan Year;

(b) each hour for which you are directly or indirectly compensated by your Employer for reasons other than the performance of duties (such as vacation, holidays, sickness, disability, lay-off, military duty, jury duty or leave of absence during the Plan Year) but credit will not exceed 501 hours of service for any single continuous period during which you perform no duties; and

(c) each hour for back pay awarded or agreed to by your Employer.

You will not be credited for the same Hours of Service both under (a) or (b), as the case may be, and under (c).

**Hour of Service - Employees for whom hourly records are not kept.** The Plan does not credit you with your actual Hours of Service. Instead the Plan uses the weekly “equivalency” method. Under the “equivalency” method, if you complete one Hour of Service during this period, you will be credited with Hours of Service as though you were a full-time Employee for that period.

**What service is counted for vesting purposes?**

**Service with your Employer.** In calculating your vested percentage, all service you perform for your Employer will generally be counted.
Military Service. If you are a veteran and are reemployed under the Uniformed Services Employment and Reemployment Rights Act of 1994, your qualified military service might be considered service with your Employer. If you might be affected by this law, ask the Plan Administrator for further details.

What happens to my non-vested account balance if I’m rehired?

If you have no vested interest in the Plan when you leave, your account balance will be forfeited. However, if you are rehired before incurring five consecutive Breaks in Service, your account balance as of the date of your termination of employment will be restored, unadjusted for any gains or losses.

If you are partially vested in your account balance when you leave, the non-vested portion of your account balance will be forfeited on the earlier of the date:

(a) of the distribution of your vested account balance, or

(b) when you incur five consecutive Breaks in Service.

If you received a distribution of your vested account balance and are rehired, you may have the right to repay this distribution. If you repay the entire amount of the distribution, your Employer will restore your account balance with your forfeited amount. You must repay this distribution within five years from your date of rehire, or, if earlier, before you incur five consecutive Breaks in Service. If you were 100% vested when you left, you do not have the opportunity to repay your distribution.

ARTICLE VI
DISTRIBUTIONS PRIOR TO TERMINATION OF EMPLOYMENT

The terms of the investment arrangements that you selected for your Plan contributions might contain additional limits on when you can take a distribution, the form of distribution that is available as well as your right to transfer among approved investment options. Please review both the following information in this summary and the terms of your investment arrangements before requesting a distribution.

Can I withdraw money from my account while working?

In-service distributions. You may be entitled to receive an in-service distribution. However, this distribution is not in addition to your other benefits and will therefore reduce the value of the benefits you will receive at retirement. This distribution is made at your election subject to possible administrative limitations on the frequency and actual timing of such distributions.

Conditions. Generally, you may receive a distribution from certain accounts prior to termination of employment provided you satisfy any of the following conditions:

- you have attained age 59 1/2. Satisfying this condition allows you to receive distributions from elective deferrals.
- you have incurred a financial hardship as described below.

Distributions for deemed severance of employment. If you are on active military duty for more than 30 days, then the Plan generally treats you as having severed employment for purposes of receiving a distribution from the Plan from all contribution accounts. If you request a distribution on account of this deemed severance of employment and all or part of the distribution is taken from elective deferrals, then you are not permitted to make any contributions to the Plan for six (6) months after the date of the distribution.

Additional in-service conditions. The following additional conditions apply to in-service distributions from certain accounts:

- Although you may receive an in-service distribution from accounts which are not 100% vested, the amount of the distribution cannot exceed the vested amount in the distributing account.

Withdrawal of rollover contributions. You may withdraw amounts in your "rollover account" at any time.

Can I withdraw money from my account in the event of financial hardship?

Hardship distributions. You may withdraw money on account of financial hardship if you satisfy certain conditions, subject to the rules and conditions set forth in the investment arrangements. This hardship distribution is not in addition to your other benefits and will therefore reduce the value of the benefits you will receive upon termination of employment or other event entitling you to distribution of your account balance.

Qualifying expenses. A hardship distribution may be made to satisfy certain immediate and heavy financial needs that you have. Generally, a hardship distribution may only be made for payment of the following:

- Expenses for medical care (described in Section 213(d) of the Internal Revenue Code) for you, your spouse or your dependents.
- Costs directly related to the purchase of your principal residence (excluding mortgage payments).
- Tuition, related educational fees, and room and board expenses for the next twelve (12) months of post-secondary education for you, your spouse, your children or your dependents.
- Amounts necessary to prevent your eviction from your principal residence or foreclosure on the mortgage of your principal residence.
- Payments for burial or funeral expenses for your deceased parent, spouse, children or your dependents.
- Expenses for the repair of damage to your principal residence (that would qualify for the casualty loss deduction under Internal Revenue Code Section 165).

**Conditions.** A hardship distribution can only be made if there is an immediate and heavy financial need. In addition to the expenses listed above, a hardship distribution can be made to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from a hardship distribution. The Plan Administrator must determine, based on all relevant facts and circumstances, whether you have other resources available to satisfy the financial need. For this purpose, your resources will generally include property which is owned by your spouse or minor children. You will be asked to certify and provide other documentation as may be necessary to show that the need cannot be met by one of the following alternatives:

(a) Through reimbursement or compensation by insurance or otherwise;
(b) By selling or otherwise liquidating your assets in a reasonable manner, but only if doing so would not itself increase the amount of the need;
(c) By stopping your elective deferrals to the Plan;
(d) By borrowing money from a bank or other commercial lender on terms that would be considered commercially reasonable, but only if doing so would not itself increase the amount of the need; or
(e) By electing to receive a distribution or loan from the Plan or any other qualified retirement plan in which you are or were a participant, but only if doing so would not itself increase the amount of the need.

**Account restrictions.** You may request a hardship distribution only from the vested portion of the following accounts:

- elective deferrals

**Restricted Amounts.** There are additional restrictions placed on hardship distributions from certain accounts (referred to as "Restricted Accounts"). Generally, the only amounts that can be distributed to you on account of a hardship from these Restricted Accounts are your elective deferrals (earnings on elective deferrals cannot be withdrawn for a hardship). Ask the Administrator if you need further details.
who die or become disabled while on active duty. Employees who receive wage continuation payments while in the military may benefit from various changes in the law. If you think you may be affected by these rules, ask the Plan Administrator for further details.

What is Normal Retirement Age and what is the significance of reaching Normal Retirement Age?

Normal Retirement Age. Your Normal Retirement Age is the date you reach age 65.

Payment of benefits. You will become 100% vested in all of your accounts under the Plan (assuming you are not already fully vested) if you are employed on or after your Normal Retirement Age. However, the actual payment of benefits generally will not begin until you have terminated employment. In such event, a distribution will be made, at your election, as soon as administratively feasible. If you remain employed past your Normal Retirement Age, you may generally defer the receipt of benefits until you actually terminate employment. In such event, benefit payments will begin as soon as feasible at your request, but generally not later than age 70 1/2. (See the question entitled "How will my benefits be paid to me?" for an explanation of how these benefits will be paid.)

What is Early Retirement Age?

Early Retirement Age. Your Early Retirement Age is the later of the date you have attained age 55 or the date you have completed 7 Years of Service with your Employer. Your Years of Service will be determined using Years of Service for vesting.

When am I considered to be disabled under the Plan?

Definition of disability. Under the Plan, disability is defined as the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve (12) months. The disability of a Participant shall be determined by a licensed physician. However, if the condition constitutes total disability under the federal Social Security Acts, the Administrator may rely upon such determination that the Participant is totally and permanently disabled for the purposes of this Plan. The determination shall be applied uniformly to all Participants.

If you become disabled while an employee, you will become 100% vested in all of your accounts under the Plan.

How will my benefits be paid to me?

The following provisions apply to the extent permitted under the investment arrangements in which the plan assets are invested.

Lump-sum distributions. If you terminate employment and your vested account balance does not exceed $5,000, then your vested account balance might only be distributed to you in a single lump-sum payment.

Distribution methods. If you terminate employment and your vested account balance exceeds $5,000 (or another amount as provided in your investment arrangement), then your vested account balance might be distributed to you under any method permitted under your investment arrangements, including the following:

- a single lump-sum payment
- installments over a period of not more than your assumed life expectancy (or the assumed life expectancies of you and your beneficiary)
- Partial distributions are permitted, with a minimum $1,000 per distribution, or as necessary to meet the required minimum distribution rules

Required beginning date. There are rules that require that certain minimum distributions be made from the Plan. Distributions are required to begin not later than the April 1st following the end of the year in which you reach age 70 1/2 or terminate employment, whichever is later. Contact the Plan Administrator if you think you might be affected by these rules.

ARTICLE VIII
DISTRIBUTIONS UPON DEATH

What happens if I die while working for the Employer?

If you die while still employed by the Employer, then your vested account balance will be used to provide your beneficiary with a death benefit.

Who is the beneficiary of my death benefit?

Married Participant. If you are married at the time of your death, your spouse will be the beneficiary of the entire death benefit unless you designate in writing a different beneficiary. IF YOU WISH TO DESIGNATE A BENEFICIARY OTHER THAN YOUR SPOUSE, YOUR SPOUSE MUST IRREVOCABLY CONSENT TO WAIVE ANY RIGHT TO THE DEATH BENEFIT. YOUR SPOUSE'S CONSENT MUST BE IN WRITING, BE WITNESSED BY A NOTARY OR A PLAN REPRESENTATIVE AND ACKNOWLEDGE THE SPECIFIC NON-SPOUSE BENEFICIARY.
If you are married and you change your designation, then your spouse must again consent to the change. In addition, you may elect a beneficiary other than your spouse without your spouse's consent if your spouse cannot be located.

**Unmarried Participant.** If you are not married, you may designate a beneficiary of your choosing.

**Divorce.** If you have designated your spouse as your beneficiary for all or a part of your death benefit, then upon your divorce, the designation is no longer valid. This means that if you do not select a new beneficiary after your divorce, you are treated as not having a beneficiary for that portion of the death benefit.

**No beneficiary designation.** Subject to the terms of the investment arrangements, at the time of your death, if you have not designated a beneficiary or your beneficiary is not alive, the death benefit will be paid in the following order of priority to:

- (a) your surviving spouse
- (b) your children, including adopted children in equal shares (and if a child is not living, that child's share will be distributed to that child's living descendants)
- (c) your surviving parents, in equal shares
- (d) your estate

**How will the death benefit be paid to my beneficiary?**

**Lump-sum distribution.** If the death benefit payable to your beneficiary does not exceed $5,000, then the benefit may only be paid as a lump sum.

**Distribution method.** Except for special distributions described below, if the death benefit payable to your beneficiary exceeds $5,000, the benefit may be paid under any method permitted under your investment arrangements, including the methods described above under "How will my benefits be paid to me?". The beneficiary may choose among the then available distribution methods unless you elected the death benefit distribution method prior to your death.

**When must payments be made to my beneficiary (required minimum distributions)?**

If your designated beneficiary is a person (other than your estate or most trusts) then minimum distributions of your death benefit must generally begin within one year of your death and must be paid over a period not extending beyond your beneficiary's life expectancy. If your spouse is the beneficiary, the start of payments may be delayed until the year in which you would have attained age 70 1/2. Generally, if you die before you are required to begin minimum distributions (which for most people is shortly after the later of age 70 1/2 or retirement) and your beneficiary is not a person, then your entire death benefit must be paid within five years after your death. Some investment products may allow a person to use this five-year rule.

Since a spouse has certain rights in the death benefit, you should immediately report any change in your marital status to the Plan Administrator.

**What happens if I terminate employment, commence required minimum distribution payments and then die before receiving all of my benefits?**

Your beneficiary will be entitled to your remaining vested interest in the Plan at the time of your death. Payments must generally come out at least as rapidly as the required minimum distributions. Contact the Plan Administrator for more information regarding the timing and method of payments that apply to your beneficiary. The provision in the Plan providing for full vesting of your benefit upon death does not apply if you die after terminating employment.

ARTICLE IX
TAX TREATMENT OF DISTRIBUTIONS

**What are my tax consequences when I receive a distribution from the Plan?**

Generally, you must include any Plan distribution in your taxable income in the year in which you receive the distribution. The tax treatment may also depend on your age when you receive the distribution. Certain distributions made to you when you are under age 59 1/2 could be subject to an additional federal 10% penalty tax.

You will not be taxed on distributions of your Roth deferrals. In addition, a distribution of the earnings on the Roth deferrals will not be subject to tax if the distribution is a "qualified distribution." A "qualified distribution" is one that is made after you have attained age 59 1/2 or is made on account of your death or disability. In addition, in order to be a "qualified distribution," the distribution cannot be made prior to the expiration of a 5-year participation period. The 5-year participation period is the 5-year period beginning the calendar year in which you first make a Roth deferral to our Plan (or to a 401(k) plan or another 403(b) plan if such amount was rolled over into this Plan) and ending on the last day of the calendar year that is 5 years later.
Can I elect a rollover to reduce or defer tax on my distribution?

Rollover or Direct Transfer. You may reduce, or defer entirely, the tax due on your distribution through use of one of the following methods:

(a) 60-day rollover. You may roll over all or a portion of the distribution to an Individual Retirement Account or Annuity (IRA) or another employer retirement plan willing to accept the rollover. This will result in no tax being due until you begin withdrawing funds from the IRA or other qualified employer plan. The rollover of the distribution, however, MUST be made within strict time frames (normally, within 60 days after you receive your distribution). Under certain circumstances, all or a portion of a distribution (such as a hardship distribution) may not qualify for this rollover treatment. In addition, most distributions will be subject to mandatory federal income tax withholding at a rate of 20%. This will reduce the amount you actually receive. For this reason, if you wish to roll over all or a portion of your distribution amount, then the direct rollover option described in paragraph (b) below would be the better choice.

(b) Direct rollover. For most distributions, you may request that a direct transfer (sometimes referred to as a direct rollover) of all or a portion of a distribution be made to either an Individual Retirement Account or Annuity (IRA) or another employer retirement plan willing to accept the transfer. A direct transfer will result in no tax being due until you withdraw funds from the IRA or other employer plan. Like the 60-day rollover, under certain circumstances all or a portion of the amount to be distributed may not qualify for this direct transfer. If you elect to actually receive the distribution rather than request a direct transfer, then in most cases 20% of the distribution amount will be withheld for federal income tax purposes.

Automatic IRA Rollover of Certain Account Balances

If a mandatory distribution is being made to you before the later of age 62 or Normal Retirement Age and your vested account balance does not exceed $5,000 (including any rollover contribution), the Plan might distribute your vested portion in a single lump-sum payment. However, you may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an individual retirement account ("IRA"). At the time of your termination of employment, the Plan Administrator will provide you with further information regarding your distribution rights. If the amount of the distribution exceeds $1,000 (including any rollover contribution) and you do not elect to receive the distribution, you may request that a direct transfer (sometimes referred to as a direct rollover) of all or a portion of the distribution be made to either an Individual Retirement Account or Annuity (IRA) or another employer retirement plan willing to accept the transfer. A direct transfer will result in no tax being due until you withdraw funds from the IRA or other employer plan. Like the 60-day rollover, under certain circumstances all or a portion of the amount to be distributed may not qualify for this direct transfer. If you elect to actually receive the distribution rather than request a direct transfer, then in most cases 20% of the distribution amount will be withheld for federal income tax purposes.

Tax Notice. WHENEVER YOU RECEIVE A DISTRIBUTION THAT IS AN ELIGIBLE ROLLOVER DISTRIBUTION, THE PLAN ADMINISTRATOR WILL DELIVER TO YOU A MORE DETAILED EXPLANATION OF THESE OPTIONS. HOWEVER, THE RULES WHICH DETERMINE WHETHER YOU QUALIFY FOR FAVORABLE TAX TREATMENT ARE VERY COMPLEX. YOU SHOULD CONSULT WITH QUALIFIED TAX COUNSEL BEFORE MAKING A CHOICE.

ARTICLE X

LOANS

Is it possible to borrow money from the Plan?

Yes, it is possible to borrow money from the Plan. Loans are permitted in accordance with the Plan Loan Policy and subject to the limitations of your investment arrangements. If you wish to receive a copy of the Loan Policy, please contact the Plan Administrator.

ARTICLE XI

CLAIMS PROCEDURES

Can the Employer amend the Plan?

Your Employer has the right to amend the Plan at any time. In no event, however, will any amendment authorize or permit any part of the Plan assets to be used for purposes other than the exclusive benefit of Participants or their beneficiaries. Additionally, no amendment will cause any reduction in the amount credited to your account.

What happens if the Plan is discontinued or terminated?

Although your Employer intends to maintain the Plan indefinitely, your Employer reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to your accounts will become 100% vested. Your Employer will direct the distribution of your accounts in a manner permitted by the Plan as soon as practicable. You will be notified if the Plan is terminated.
How do I submit a claim for Plan benefits?

You may file a claim for benefits by submitting a written request for benefits to the Plan Administrator. You should contact the Plan Administrator to see if there is an applicable distribution form that must be used. If no specific form is required or available, then your written request for a distribution will be considered a claim for benefits. In the case of a claim for disability benefits, if disability is determined by the Plan Administrator (rather than by a third party such as the Social Security Administration), then you must also include with your claim sufficient evidence to enable the Plan Administrator to make a determination on whether you are disabled.

What if my benefits are denied?

Your request for Plan benefits will be considered a claim for Plan benefits, and it will be subject to a full and fair review. If your claim is wholly or partially denied, the Plan Administrator will provide you with a written or electronic notification of the Plan's adverse determination.

ARTICLE XII
GENERAL INFORMATION ABOUT THE PLAN

There is certain general information which you may need to know about the Plan. This information has been summarized for you in this Article.

Plan Name

The full name of the Plan is Diocese of Sacramento 403(b) Plan.

Plan Effective Dates

This Plan was originally effective on February 1, 2009. The Plan has been amended since it was originally effective and this summary reflects the provisions of the Plan in effect as of January 1, 2019.

Other Plan Information

Plan Year. The Plan's records are maintained on a twelve-month period of time. This is known as the Plan Year. The Plan Year ends on December 31st.

The Plan will be governed by the laws of the state of the Employer's principal place of business to the extent not governed by federal law.

Service of legal process may be made upon the Employer. Service of legal process may also be made upon the Employer's chief executive officer or Plan Administrator.

Employer Information

The Employer's name, address, business telephone number and identification number are:

Roman Catholic Bishop of Sacramento, a Corporation Sole dba Diocese of Sacramento
2110 Broadway
Sacramento, California 95818
916.733.0277
94-1270353

The Plan allows other employers to adopt its provisions. Another Employer who has adopted the provisions of the Plan is:

TBD
address same as primary employer

Plan Administrator Information

The Plan Administrator is responsible for the day-to-day administration and operation of the Plan. For example, the Plan Administrator maintains the Plan records, including your account information, provides you with the forms you need to complete for Plan participation, and directs the payment of your account at the appropriate time. If you have any questions about the Plan or your participation, you should contact the Plan Administrator. The Plan Administrator may designate other parties to perform some duties of the Plan Administrator, and some duties are the responsibility of the investment provider(s) to the Plan.
The name, address and business telephone number of the Plan's Administrator are:

Roman Catholic Bishop of Sacramento, a Corporation Sole dba Diocese of Sacramento
2110 Broadway
Sacramento, California 95818
916.733.0277
