Facts at a Glance

The Boy Scouts of America
The mission of the Boy Scouts of America is to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Scout Law. The aims of Scouting are character development, citizenship training, and mental and physical fitness.

Catholic Youth Ministry
“Youth ministry is the response of the Christian community to the needs of young people and the sharing of the unique gifts of youth with the larger community.”

Essential goals:

1. Empower young people to live as disciples of Jesus Christ in our world today;
2. Draw young people to responsible participation in the life, mission, and work of the faith community; and
3. Foster the personal and spiritual growth of each young person.”

Goals of Catholic Youth Ministry
The goals of Catholic youth ministry match Scouting’s three aims: character development, preparation for responsible citizenship, and physical and mental fitness.

Goal 1: Character
The first goal is to empower young people to live as disciples of Jesus Christ in our world today.

Scouting’s values combined with the Gospel values taught by the Catholic Church are the basis for developing youth whose good character is based on the

Gospel. The religious emblems program offers a form of catechesis that is age- and grade-specific for each of the program phases of Scouting. Youth leadership positions in the Scout troop and Venturing crew offer opportunities for youth to put good Christian leadership into practice.

Goal 2: Citizenship
The citizenship goal is to draw young people to responsible participation in the life, mission, and work of the Catholic faith community.

The Scout unit is one type of community. The home, parish, and civic communities are others to which a Scout belongs. In Scouting programs and activities, they learn how to be responsible members of their various communities.
Goal 3: Physical and Mental Fitness

This goal is to foster the total personal and spiritual growth of each young person. Scouting promotes holistic fitness. Some activities and programs are designed to develop healthful habits of diet and exercise. The challenges of learning new skills and exploring careers and hobbies through the merit badge program or high-adventure activities stimulate the intellectual capabilities of the Scout or Venturer. The spiritual values imparted through the religious emblems program, Scout retreats, and the ideals of Scouting contribute to sound spiritual growth.

History

From the earliest days of Scouting in the United States, the Catholic Church has found it a useful tool for youth ministry. Since its formation in 1934, the National Catholic Committee on Scouting has worked to ensure that Catholic-chartered Scout units and Catholic Scouts would have appropriate resources to integrate their faith experience with their Scouting experience—A Scout is reverent. A Scout promises to do his duty to God.

While the Renewing the Vision document is concerned with adolescent youth, Scouting for youth begins in the first grade and continues until the person turns 21 years old.

A comparison of the BSA Mission Statement with the vision document’s definition of youth ministry as well as a comparison of the BSA aims and the three essential goals stated in the vision document will show their compatibility. These facts-at-a-glance pages presume familiarity with Renewing the Vision: A Framework for Catholic Youth Ministry.

Scouting in the Catholic Church is a treasure that has been buried, a pearl of great price.
