Charting Toward Intimacy

Podcast Host

The program is geared toward NFP instructors, marriage prep coordinators, and clergy. It will include an overview of the various methods of NFP, different biomarkers and devices, and how to see charting both as an invitation for greater self-knowledge and health, and a way to combat the culture of death through honoring the design of our bodies. We will encourage NFP providers, parish staff, and NFP supporters to broaden their vision of NFP beyond simply being a tool to help couples postpone or try to conceive. A great opportunity to network with each other.
