Memo

To: Pastors, Parochial Administrators, Parish Stewards
From: Glen Faulkner – Parish Security Coordinator
Date: September 11, 2023
Re: House of Worship Safety Symposium – Chico

INFRAGARD is a public/private partnership between the FBI and stakeholders in 16 different community infrastructure categories that include houses of worship. INFRAGARD provides training and information sharing with member organizations about emerging threats and offers programs designed to mitigate these threats.

In partnership with the Cybersecurity and Infrastructure Security Agency (CISA – part of the Department of Homeland Security), INFRAGARD is hosting a “Faith-Based Organizations and Houses of Worship Safety Symposium” in Chico on September 18, 2023. You do not have to be an INFRAGARD member to participate in this training opportunity.

The event will be “live” at an as-yet unreleased location in Chico from 9:00 AM – 12:30 PM. The last Houses of Worship Symposium was held in Rancho Cordova and was very well attended.
