Re: Invitation to all parishioners to volunteer for the Gabriel Project

This is a cordial invitation to all parishioners interested in volunteering for the Gabriel Project. We need those that communicate and walk with the expectant moms in person, those that assist with parish fundraising events & activities, promotion of the Gabriel Project in the church and in the community, and those that help with organizing donated items.

Pastors, Office & School Administrators, & GP Coordinators: If you know someone who is looking to be a part of a parish ministry, please nominate them and recommend that they come and see. This ministry may be good fit for them. Bilingual volunteers are highly encouraged.

Please invite them to attend (registration required, <https://www.scd.org/events>):
