Memo

To: Pastors, Parochial Administrators, School Administrators
From: Glen Faulkner – Parish Security Coordinator
Date: April 20, 2026
Re: Save the Date – House of Worship Safety Symposium – August 10

The Chico Police Department is hosting the annual northern California regional faith-based organizations and houses of worship safety symposium.

Working in partnership with the FBI, Butte County Sheriff's Department, CalOES, and the Central California Intelligence Center, the event is scheduled for August 10 from 8:00 AM – 5:00 PM.

The event is still in the planning stage, but previous symposiums have covered the State's non-profit security grant program, active shooter response plans, and cyber and physical security assessments. The presentations are always well attended.

I will distribute registration information once it becomes available.
