

# Get Real With Your Retirement

Making the Most of Your Workplace Retirement Plan

**Diocese of Sacramento 403(b) Plan**

## Time To Dream

What does retirement mean to you? What will it take to get you there? Taking steps now to plan for the future you want is essential — even if retirement is a ways off, even when you're juggling other financial priorities.

Your employer's retirement plan offers one of the best and easiest ways to save. To take advantage of this important benefit, simply follow the instructions below to start online. If you need help, this guide contains more information.

## Getting Real About Retirement Goals

The first step is to get real about your retirement goals. Consider the following questions:

- Where will you be?
- What will you be doing?
- Will you continue to work doing something you love?
- How much money will you need to cover your day-to-day expenses, including healthcare?

## Planning Transforms Dreams Into Reality

As you put together your own savings and investment plan, keep the following in mind:

- Your retirement goals (your answers from above)
- The importance of starting now, no matter what your age
- How the plan you set in motion today can help you reach your retirement goal

## Pre-Tax Savings

Your contributions will be deducted on a pre-tax basis — before taxes are withheld — which will reduce your income taxes and reduce the out-of-pocket cost of contributing to the plan. In addition, certain people may qualify for tax credits that will further reduce the out-of-pocket cost of saving.

The table below can help you estimate how much money will come out of your paycheck before taxes compared to the amount you are actually contributing to your retirement account.

The figures are based on the 2021 federal tax rate: single filer, one exemption, no state tax. Your actual dollar amounts may vary.

1. Find your approximate weekly gross pay across the top.
2. Find the percentage you intend to contribute along the left edge.
3. The top (**black**) number shows your contribution amount, and the bottom (**blue**) number shows the amount by which your paycheck is actually reduced. The difference represents your tax withholding savings.

The highlighted areas of the chart illustrate the saving scenario for someone making \$800 a week and contributing 9 percent to her retirement account. She contributed \$72, but her paycheck was only reduced by \$63. The \$9 difference represents her tax withholding savings.

### Anne, age 60; Roger, age 64

- Married for 41 years
- Three grandchildren
- Dream of traveling with their son to Europe
- Saving all they can now, trying to choose a retirement date

## Pick Your Approach

With any luck, the talk about tax savings has motivated you to take action about your retirement. As you begin to plan, the two most important decisions you will face are:

- How much do I need to save?
- How will I invest it?

Few of us feel adequately prepared by our education or life experience to make these important decisions. The good news is that your plan is working with The Standard to offer options that will simplify the process of making these decisions.

Simply choose one of the two approaches — Guided or Independent — to receive the amount of assistance you need to make these important decisions and move closer to reaching your retirement goals.

### Guided may be a good choice if you:

- Prefer to evaluate your situation annually using available tools
- Want to set and manage your savings rate
- Want to use pre-mixed investment portfolios to manage your own investments
- Need a little help managing your investments
- Want your account to be automatically rebalanced

### Guided: Guide Me Through The Process

Guided takes the mystery out of fund selection for your retirement plan account. You will have all the information and tools you need to navigate the entire decision-making process. By following a simple, step-by-step process, you will be able to answer the question “How should I invest my money?”

#### With Guided, we:

- Provide tools to help you reach your retirement income goals
  - a calculator to determine whether you are on track to reach your retirement goals
  - a calculator to determine how much to save
  - a quiz (on the following page or online at [www.standard.com/retirement](http://www.standard.com/retirement))
- Offer pre-mixed investment portfolios that provide a diversified investment portfolio for your tolerance for risk and timeline until retirement
- Offer automatic rebalancing of your portfolio

Your quiz score is an important piece to the Guided process. The score will help identify which pre-mixed portfolio will provide you with a diversified investment strategy that is appropriate for your circumstances. You can then set investment directives and transfer assets to be consistent with the chosen portfolio. The quiz takes about 10 minutes and should be taken annually; if results change, you will have the opportunity to adjust investment portfolios in line with your new score.

## Independent: I'll Do It All Myself

If you prefer doing your own research when it comes to your retirement planning, Independent is for you. You can maintain personal control over your retirement account using the quality investment options in your plan. You can still rely on The Standard for educational and online planning tools that help you navigate the investing landscape.

You will have all the same benefits of Guided, but with a difference. Rather than select one of the pre-mixed portfolios, you will have access to a diversified selection of investment options to help you implement your own unique investment strategy.

## Ready To Sign Up Now?

Regardless of which approach you take — Guided or Independent — the “Time to Enroll” section has all the instructions you need to sign up.

## Independent may be a good choice if you:

- Prefer to evaluate your situation annually using available tools
- Want to set and manage your savings rate
- Prefer to do your own investment research
- Want to rebalance your portfolio yourself as needed
- Want to increase your savings rate yourself as needed

## Find Your Investment Style

Take the quiz to determine which pre-mixed portfolio is appropriate for you. After each question, circle the letter that best describes you. Then add up the points and match the total with the investor profile on the next page. Please note that this profiling tool is only a guide; for advice specific to your situation, you will want to consider other factors, such as your retirement savings, tax considerations and investing time frame. You should contact your investment professional or tax advisor for personalized advice.

## Use Your Quiz Results To Select A Portfolio

Your asset allocation is an important part of your investing strategy. The following pre-mixed portfolios show how you may want to diversify your investments. Match your score from the Investor Profile Quiz to help determine which portfolio is appropriate for you. If you need more information, you may wish to contact a personal financial advisor.

### Guided Portfolios

You should carefully consider the investment objectives, risks, charges and expenses of the investment options offered under the retirement plan before investing. Small-company (small cap) investing involves specific risks not necessarily encountered in large-company investing, such as increased volatility. Funds that invest in bonds are subject to certain risks, including interest-rate risk, credit risk and inflation risk. As interest rates rise, the prices of bonds fall. International investing involves certain risks, such as currency fluctuations, economic instability and political developments. These risks may be accentuated in emerging markets.

Your plan may be funded by a mutual fund trust, collective trust or a group annuity contract. All are suitable for long-term investing, including saving for retirement. While annuities generally provide tax-deferred treatment of earnings, the group annuity contract does not provide any additional tax-deferred treatment beyond the treatment provided by your retirement plan.

## We'll Rebalance For You

The Standard can rebalance your portfolio to ensure it stays in line with your original wishes. On Personal Savings Center ([standard.com/retirement](http://standard.com/retirement)), you can indicate how frequently you'd like your portfolio rebalanced: quarterly, semiannually or annually.

## Time to Enroll

## NEXT STEPS

Your employer will forward the completed form to The Standard. This form will override any changes previously made using The Standard's automated phone system or online via Personal Savings Center.

The Standard will deem invalid any Investing Form that is completed incorrectly. Invalid forms include, but are not limited to, those containing: investment elections that do not total 100 percent, fractional investment election percentages, conflicting or contradictory elections, the selection of old investment options no longer available in the plan, illegible, incomplete or unsigned forms. If an Investing Form is deemed to be invalid, any contributions received will be invested in the plan's default fund. The Standard will notify by letter any participant whose investment elections have been defaulted with instructions on how they can make changes to their investments.

For information about redemption fees that may apply to certain funds signified by the second footnote, please contact The Standard at 800.858.5420.

Visit [standard.com/retirement](http://standard.com/retirement) to access Personal Savings Center to manage your account or call a customer service representative at 800.858.5420.

## **Plan Fiduciary Advisor Disclosure** **StanCorp Investment Advisers, Inc., and the Standard Stable Asset Fund**

This document contains important information about StanCorp Investment Advisers, Inc. (SIA) and how they are compensated for the investment advice provided in connection with your Plan. You should carefully consider this information in your evaluation of that advice and the investment alternatives offered in the plan.

SIA will provide investment advisory services to be used by the plan for which this notice is provided. SIA will be providing these services as a fiduciary under the Employee Retirement Income Security Act. SIA, therefore, must act prudently and with only the plan's and the plan's participants' interest in mind when providing recommendations on the investments to be offered.

### **Compensation of the Fiduciary Advisor and Related Parties**

SIA is compensated for the advice it provides as part of a bundled service arrangement with Standard Retirement Services, Inc., an affiliate of SIA that provides recordkeeping and administrative services to the plan. SIA receives a flat fee from Standard Retirement Services to provide investment advisory services that may benefit Standard Retirement Services, Inc., retirement plan clients. SIA is not compensated on the basis of investment(s) offered by the plan, or those selected by participants.

Two affiliates of SIA may provide services to the plan for which they will be compensated. These affiliates and services are: (1) Standard Retirement Services, Inc., for recordkeeping, administrative and compliance services; and (2) Standard Insurance Company, if the plan includes the Standard Stable Asset Fund as an investment option, for financial services provided as the issuer of the Standard Stable Asset Fund.

Standard Insurance Company is compensated in connection with this product when general account investment returns exceed the interest credited on contract balances. Included in the return is a 0.10 percent expense associated with the investment expenses of the product. Additionally, certain employees of StanCorp Equities, a broker-dealer affiliate of SIA, receive additional compensation when the Standard Stable Asset Fund is included in the plan. Such employees do not individually provide investment advice regarding the Standard Stable Asset Fund. Compensation information should be reviewed carefully before an investment decision is made.

### **Consider Impact of Compensation on Advice**

The compensation that Standard Insurance Company and representatives of StanCorp Equities, Inc., receive on account of assets invested in the Standard Stable Asset Fund may be a significant source of revenue for them. The impact of any such fees and compensation should be carefully considered in any evaluation of the Standard Stable Asset Fund as an investment option.

### **Investment Returns**

While understanding investment-related fees and expenses is important in making informed investment decisions, it is also important to consider additional information about investment options, such as performance, investment strategies and risks. Specific information related to the past performance and historical rates of return of the investment options available under the plan has been provided in the proposal materials, in the participant enrollment booklet, and is available on-line in the Personal Savings Center at <http://retirement.standard.com>.

For options with returns that vary over time, past performance does not guarantee how an investment in the option will perform in the future; an investment in these options could lose money.

**SPOUSE**

**SPOUSE Complete this section if the participant designated a non-spouse beneficiary above. Your signature must be witnessed by a Plan Representative or Notary Public.**

I have read the explanation below. I understand that my consent is irrevocable unless my spouse revokes that election.

I consent to the beneficiary designation made by the participant. I understand that if the participant dies prior to retirement, any benefits under the Plan will be paid to the designated beneficiary.

**INSTRUCTIONS**

- Participant must complete the "Participant" Section, and if necessary, have his or her spouse complete the "Spouse" Section.
- The participant should then return the form to the employer who will complete the "Plan Representative" Section, if applicable, and keep the completed form on file for future reference.

**EXPLANATION OF DEATH BENEFIT**

MARRIED PARTICIPANTS

If you die before you retire, your retirement plan provides that any plan benefits to which you are entitled will be paid to your surviving spouse. Your surviving spouse is the spouse to whom you were married throughout the one-year period ending on your date of death.

However, if your spouse consents in writing, you may designate a beneficiary other than your spouse to receive the benefits. Your spouse's consent must be witnessed by the Plan Administrator or the Plan Administrator's representative or by a Notary Public.

You may not change your beneficiary designation without your spouse's written consent.

You may revoke your election at any time. To make a new election, you must again obtain your spouse's written consent.

UNMARRIED PARTICIPANTS

You may designate a beneficiary to receive any benefits to which you are entitled if you die before you retire.

If you marry after completing this form, your beneficiary designation election may no longer be valid and your spouse may be entitled to the benefits described above for married participants.

**IF YOUR MARITAL STATUS CHANGES OR IF YOU HAVE ANY QUESTIONS ABOUT THIS EXPLANATION, PLEASE CONTACT THE PLAN ADMINISTRATOR.**

**Please keep a copy of this form for your records**

Step One:

Note: Roth IRAs cannot be rolled into this plan.

Step Three:

Sign and Date

I hereby certify to the best of my knowledge that the rollover contribution made to this plan is eligible for rollover. This includes, but is not limited to certifying the distribution did not come from a beneficiary account, was not a required minimum distribution and was not one of a series of periodic payments. If the distribution was not one of a series of periodic payments, and if an indirect rollover, then the distribution was received not more than sixty days before the date of the rollover. Distributions eligible for rollover into this plan will be determined by my Plan Administrator and may include: distributions from a 401(a), 401(k), 403(b), governmental 457(b) plans, an IRA, a Roth 401(k), or a Roth 403(b) plan. If my distribution includes after-tax amounts, I understand that those amounts can only be rolled over if my plan accepts such contributions and if I provide information related to the cost basis of those amounts. I understand that if this rollover is accepted, it will be directed to investments based on my contribution directives in place at the time the rollover is received by The Standard. If I do not have directives in place, the rollover will be placed into the plan's default investment option. For more information on eligible rollover distributions please see IRS website (https://www.irs.gov/retirement-plans/).

## 403(b) Transfers

### What Is A Transfer?

A transfer is moving your 403(b) accounts from a prior provider to The Standard.

### Why Choose The Standard?

The Standard has more than 80 years of experience providing security and peace of mind. Transferring your 403(b) to The Standard gives you:

- Easy access to your account by phone and online.
- Skilled customer service representatives who can provide personal assistance.
- A diversified portfolio of quality investment options.
- A single, easy-to-read statement where you can easily review your retirement investments. This allows you to track progress toward your goals and simplifies your recordkeeping.

### A Smart Move For Your Retirement Money

**Saving for retirement – these three words can put a lot of people to sleep, but the decisions involved are among the most important you’ll ever make.**

**At times throughout your career, you might have to decide whether to move your retirement plan account. You might be dissatisfied with your current investment options, or you could just want to consolidate your retirement accounts with a single provider for the sake of simplicity. A 403(b) transfer is one option available to you.**

### Why Choose The Standard?

When transferring 403(b) money to The Standard from another retirement plan provider, be sure to ask your old provider the following questions and record their answers below:

**Q:** What paperwork is required to transfer my account balance to The Standard?

**A:** \_\_\_\_\_

**Q:** Will you accept The Standard’s 403(b) transfer form, which names The Standard as an approved provider under the plan?

**A:** \_\_\_\_\_

**Q:** Once you receive the necessary paperwork for the transfer, when will my account balance move to The Standard?

**A:** \_\_\_\_\_

**Q:** How will I be notified when this transfer is complete?

**A:** \_\_\_\_\_

**Q:** What charges will apply to my transfer?

**A:** \_\_\_\_\_

**Note:** The Standard’s 403(b) transfer form must be completed before the transferred money can be credited to your new account.

## 403(b) Transfers

### Checklist

#### Action Items

- Contact your prior provider. Ask the questions above and complete and send the necessary forms. Usually, they will have a process you must follow. They also may impose a charge for transferring your account.
- Obtain a copy of your most current statement from your prior provider and verify the balance.
- Review and choose your investment options from the funds offered by The Standard. Our Investor Profile quiz can help you create a personalized investment plan. (You may wish to select your investment options before transferring your money; otherwise, your funds will be transferred to the plan's default fund.)
- Ensure that the transfer check is mailed to The Standard as follows:  
Reliance Trust Company  
Mail Stop 579  
PO Box 5396  
Carol Stream IL 60197-5396  
**Note:** Reliance Trust Company serves as custodian for transferred 403(b) accounts.
- Send a copy of The Standard's 403(b) transfer form to your previous 403(b) provider along with copies of any other forms your prior provider may require.
- Keep this and copies of **all** paperwork for your records.

# Highlights of Your Retirement Plan

## Diocese of Sacramento 403(b) Plan

*This highlights document is not intended to describe every aspect of your retirement plan. For more complete information, please refer to your Summary Plan Description. If there is a conflict between this document and the plan, the plan's provisions will prevail.*

### When Can I Start Saving?

All employees are eligible to participate in the plan on the first entry date.

Entry date is immediate after service requirements, if any, are met.

### Your Contributions

Participants may contribute to the plan on a pre-tax basis.

Your plan also offers a Roth feature, which allows you to contribute to your retirement account on an after-tax basis. Your contributions will be deducted from your paycheck after-tax and earnings on Roth contributions will be tax-free upon withdrawal (if certain conditions are satisfied).

These contributions, known as "elective deferrals," must fall within the following range:

Minimum 0 percent of compensation

Maximum \$24,500 in 2026 (additional catch-up contributions can be made if you are 50 years old or older) or maximum allowed by law, whichever is less

### How Will My Money Be Invested?

You can choose how your contributions are invested among the plan's available investment options. Find information about all your investment options on Personal Savings Center. Log in at [standard.com/retirement](https://standard.com/retirement). If you do not choose an investment option, contributions will be invested in your plan's default investment.

### Your Employer's Contributions Can Help You Save More

We may make an employer non-elective contribution. When a contribution is made, we will contribute 6 percent of your pay to the plan on your behalf.

You will become vested in - which means you will earn ownership of - the employer non-elective contribution according to this schedule:

Years of Service	Vested Percentage
Less than 3	0%
3	20%
4	40%
5	60%
6	80%
7 or more	100%

Refer to your Summary Plan Description for additional requirements.

## Rolling Over Retirement Accounts

Combining assets from several accounts is easier than ever before. Plans may now accept rollovers from:

- 401(k) and other qualified retirement plans
- governmental deferred compensation (457) plans
- tax-sheltered annuities (TSAs) and IRAs

Follow the instructions on the Application for Rollover form available on Personal Savings Center ([standard.com/retirement](https://standard.com/retirement)).

## Questions?

If you have questions about the plan, please contact Your Bookkeeper.

To enroll in your plan, create an account at [standard.com/retirement](https://standard.com/retirement) and use Personal Savings Center.

To contact a Customer Service Representative at The Standard, e-mail [savings@standard.com](mailto:savings@standard.com) anytime or call 800.858.5420 between 5:00 a.m. - 5:00 p.m. Pacific or 8:00 a.m. - 8:00 p.m. Eastern.

**Fee Disclosure**  
**Diocese of Sacramento 403(b) Plan**  
As of February 4, 2026

**About This Information**

Retirement plan sponsors are required by the Department of Labor to disclose the fees related to your plan. This document provides the required information.

Section One contains information covering your participation in the plan and plan-level fees that may be charged to your account. Section Two contains comparative fee and performance information for each investment option provided in your plan. If you have any questions about this information, you can either call 800.858.5420 to speak to a customer representative or talk to your plan administrator.

**Section One - Participation and Plan-Level Fees**

**General Plan Information**

**Investment Instructions:** To direct or make changes to how your account will be invested among the plan's designated investment options. If your plan offers the service, you can enroll or make changes to your directives online at [www.standard.com/retirement](http://www.standard.com/retirement). You may direct the investment of all funds held in your plan account.

**Limitations on Instructions:** You may give investment instructions on any day the New York Stock Exchange is open for business. Certain restrictions on trading may apply depending on the investment option. Many investment options, such as mutual funds, impose restrictions on frequent trading. The plan is not intended to facilitate frequent trades among investment options or provide "day trading" opportunities. Short-term trading adversely affects the plan's operations and increases the expenses of both the plan and the investment options. The Standard's agreements with our mutual fund alliance partners require us to adhere to trading rules mutually-agreed upon by Standard and the fund company. Section Two below provides more information on these restrictions.

**The Standard's Frequent Trading Restriction Procedures:** In reviewing for frequent trading, Standard performs a weekly review of participant-directed transactions in order to identify participants who have more than one round-trip during a 90-day period (a "frequent trader"). If a participant has been identified as a frequent trader, a warning letter is sent to the participant. If frequent trading activity continues, the participant's ability to trade via the participant website and the interactive voice response system will be suspended for 90 days. During this period, the participant will be required to submit written requests to trade. Each request will be evaluated, and executed only if it complies with frequent trading rules. After 90 days, the participant's privileges are reinstated. If the participant has a subsequent violation, their trading privileges will be suspended indefinitely and they will be required to submit written requests to trade.

Certain mutual fund companies require us to follow different parameters. For specific details please call your customer representative at 800.858.5420 or your plan administrator.

**Voting and Other Rights:** The trustee will exercise any voting or other rights associated with ownership of investments held in your plan account.

**Designated Investment Options:** The plan provides designated investment options into which you can direct the investment of your account. The chart shown in Section Two of this notice lists the options and provides various information about them.

**Designated Investment Manager:** StanCorp Investment Advisers, Inc. is a designated investment manager with respect to assets held on The Standard's recordkeeping platform.

## Plan Administrative, Investment Advisory and Individual Plan Fees

There are certain fees and expenses associated with your plan, such as recordkeeping, compliance, consulting and accounting. Unless the plan sponsor, which is typically your employer, elects to pay some or all of those expenses, they will be paid from the plan assets, which will affect your account balance. The cost for these services fluctuates each year based on a variety of factors including the total amount of assets in your plan. These fees may be reduced by amounts paid by mutual fund companies to The Standard. The Standard passes these amounts back to the plan to reduce or offset fees. The fees shown in the Plan Administrative Fees Table are fees that are not part of the total annual operating expenses.

Other services may be provided periodically to the plan as necessary for consulting, compliance and custodial services. To the extent these expenses are not charged against forfeitures or paid by the employer, or reimbursed by a third party, the plan may charge these expenses against participant accounts.

### Annual Plan Administrative Fees

Fee Name	Fee Amount
Plan Administrative Fees (including applicable recordkeeping, accounting, compliance and consulting services. The fees reflect an annual amount deduction proportionally on a quarterly basis)	0.32% assessed on total plan assets, allocated pro rata among participant accounts <sup>4</sup>

The Plan's Administrative fees vary based on the total amount of assets in the Plan. The Fee Amount shown reflects the rate charged as of the date of this notice.

Please refer to the end of this document for more details.

Eligible Participants with a Balance	Annual fee of \$20.00 allocated to participant accounts on a per capita basis
--------------------------------------	---

### Individual Fees

The plan may also impose specific charges against individual participant accounts for certain transactions. These charges may arise based on your use of a feature available under the plan (such as taking a distribution or for processing a qualified domestic relations order in case of a divorce).

Additionally, buying or selling some investments may result in charges to your individual account, such as redemption fees. The Section Two charts below provide information on these investment charges.

Fee Name	Fee Amount
Overnight Delivery	\$30.00 per event
Paper Distribution	\$75.00 per event
Paper Distributions upon Death/ Disability/ Retirement	\$75.00 per event
Paper Loan	\$125.00 per event
Paperless Distribution	\$75.00 per event
Paperless Distributions upon Death/ Disability/ Retirement	\$75.00 per event
Paperless Loan	\$125.00 per event

<b>Fee Name</b>	<b>Fee Amount</b>
Loan Reamortization	\$150 per event
Non-sufficient Funds	\$20 per event

## Section Two—Comparative Fee and Performance Information

This section illustrates the performance of investment options and shows how these options have performed over time. Including all funds in comparative tables allows you to compare them with appropriate benchmarks for the same time periods. If you would like additional information about the investment options, you can go to the website below. You may also call a customer service representative at 800.858.5420 for a free paper copy of the information available on the website.

The tables below show, for the Variable Return Investments, the Total Annual Operating Expenses of each option. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. For Fixed Return Investments, the tables focus on the performance of the investment option. The tables also show shareholder-type fees, which are in addition to the Total Annual Operating Expenses. You may not be charged some of these shareholder-type fees, depending on the fund companies' policies with respect to qualified plans and your individual circumstances. In addition, mutual fund companies may make revenue-sharing payments in the form of asset based fees, which are collected for the benefit of your plan. These revenue-sharing payments may be applied to reduce the fees and expenses associated with your plan (whether the plan sponsor is billed for the services, or the amount is deducted from plan assets) and/or plan pricing, which includes The Standard's fees. Any revenue-sharing payments may also be allocated among participants. The amount of revenue-sharing payments differs among the mutual funds. Information about an option's principal risks and revenue-sharing as well as other important information is available in Personal Savings Center by visiting [www.standard.com/retirement](http://www.standard.com/retirement) and selecting performance from the top menu bar.

To help achieve long-term retirement security, you should give careful consideration to the benefits of a well-balanced and diversified investment portfolio. Spreading your assets among different types of investments can help you achieve a favorable rate of return while minimizing your overall risk of losing money.

### Variable Return Investments

This Variable Return Investment Table focuses on the performance and costs of investment options that do not have a fixed or stated rate of return. The table below shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about the principal risks of each option is available on the website.

## Fixed Return Investments

This Fixed Return Investments Table focuses on the performance and costs of investment options that have a fixed or stated rate of return. It shows the annual rate of return of each option, the term or length of time that you will earn this rate of return, and other information relevant to performance.

FIXED RETURN INVESTMENTS					
Name/ Type of Option	Return	Term	Other	Fund Expense	Shareholder Type Fees and Restrictions
Standard Stable Asset A/Cash Equivalent	3.15%	90 Days	The rate of return on 12/31/25 was 3.15 percent. This rate is fixed for 90 days but will never fall below a guaranteed minimum rate of 1.0 percent. Most current rate of return information is available on <a href="http://www.standard.com/retirement">www.standard.com/retirement</a> .	—	Many fixed return investments include restrictions on withdrawals depending upon a variety of factors. For any applicable restrictions see the information provided on this fund by logging into Personal Savings Center from <a href="http://www.standard.com/retirement">www.standard.com/retirement</a> .

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's website for an example showing the long-term cumulative effect of fees and expenses at <https://www.dol.gov/sites/default/files/ebsa/about-ebsa/default-files/ebsa/about-activities/resource-center/publications/a-look-at-401k-plan-fees.pdf>. Fees and expenses are only one of many factors you should consider when making your investment decision. Consideration should also be given to whether investment decisions, combined with your other investments held outside the plan, will help you achieve your financial goals.

If you need additional information about your investment options, you may call a customer service representative at 800.858.5420. You may also find information by logging into Personal Savings Center from [www.standard.com/retirement](http://www.standard.com/retirement).

<sup>1</sup> Mutual Funds charge certain fees and expenses for each Fund. This column reflects the current fees and expenses charged for the Fund.

<sup>2</sup> Revenue sharing, a form of indirect compensation, consists of 12b-1, Sub-TA and other revenue such as Finder's fees. The Standard passes this revenue on directly to the plan as an offset of certain fees dollar-for-dollar. The finder's fees compensate the intermediary for generating large purchases. Finder's fees are front-end fees paid in specific circumstances and do not always apply. Details on finder's fees are contained in the fund prospectus. Finder's fees are typically paid weekly or biweekly.

12b-1 fees compensate intermediaries for distribution and investor servicing provided before and after the purchase of fund shares. For some share classes, 12b-1 fees are a substitute for the investor paying a front-end sales charge. SEC regulations require intermediaries to be registered broker/dealers to receive 12b-1 payments. Details on 12b-1 fees are contained in the fund prospectus. 12b-1 fees are typically paid monthly or quarterly.

Sub-TA fees compensate intermediaries for performing shareholder record maintenance activities for plans on behalf of the fund. These activities include providing participant-level accounting of transactions and fund positions. Sub-TA fees are paid under negotiated agreements between the fund company and intermediary. Sub-TA fees are typically paid monthly or quarterly.

<sup>3</sup> The Standard's Asset Base Fee reflects the rates based on the average daily balance for the previous quarter. If Plan assets have increased or decreased since the date and time this was last run, the actual rate may differ from what appears in the column.

<sup>4</sup> As noted above, your Administrative fees vary based on the total amount of assets in the Plan. Following are the table(s) of applicable asset-based rates:

**Plan Administration**

<b>Asset Balance Range</b>	<b>Standard's Asset-Based Fee</b>
From \$0.00 to \$20,000,000.00	0.54%
From \$20,000,000 to \$35,000,000.00	0.52%
From \$35,000,000 to \$50,000,000.00	0.40%
From \$50,000,000 to \$65,000,000.00	0.35%
From \$65,000,000 to \$80,000,000.00	0.32%
From \$80,000,000 to \$100,000,000.00	0.29%
From \$100,000,000 and greater	0.24%
