Report of Independent Auditors

The Audit Committee
Roman Catholic Bishop of Sacramento

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Administrative Office of the Roman Catholic Bishop of Sacramento (the Organization), which comprise the statements of financial position as of June 30, 2026 and 2025, and the related statements of activities, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Administrative Office of the Roman Catholic Bishop of Sacramento as of June 30, 2026 and 2025, and the change in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Substantial Doubt About the Entity's Ability to Continue as a Going Concern

The accompanying financial statements have been prepared assuming that the Organization will continue as a going concern. As discussed in Note 1 to the financial statements, the Organization has been named as a defendant in numerous lawsuits arising from the California revival window for certain childhood sexual abuse claims. Given the volume of claims and significant uncertainties regarding available insurance coverage and potential uninsured costs, substantial doubt exists about the Organization's ability to continue as a going concern. Management's evaluation of these conditions and its plans are described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Administrative Office of the Roman Catholic Bishop of Sacramento's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Organization's financial statements. The schedule of financial position by fund and schedules of expenses without donor restrictions are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of financial position by fund and schedules of expenses without donor restrictions are fairly stated, in all material respects, in relation to the financial statements as a whole.

Note 1 – Reporting Entity

The Administrative Office of the Roman Catholic Bishop of Sacramento (the Organization) provides parochial, social, educational, ministerial, and administrative services. These services are provided throughout the twenty counties which comprise the Roman Catholic Bishop of Sacramento.

Included in these financial statements are all accounts maintained by and directly under the administration of the Organization. The accounts of parishes, schools, and other affiliated organizations are not included in these financial statements.

Litigation − Effective January 1, 2020, the California Legislature enacted a three-year period for individuals to file claims for alleged childhood sexual abuse regardless of when the alleged abuse had taken place, and even if the claims were barred by the statute of limitations. As a result of this "revival window" more than 250 lawsuits were filed against the Organization, containing allegations of sexual misconduct by priests, deacons, and lay employees within the Diocese of Sacramento.

Significant uncertainties exist surrounding the financial impact to the Organization from the pending claims. The claims are expected to trigger insurance coverage for periods as early as the 1960s, but that coverage is subject to defenses by carriers and there are some layers of coverage in which the carrier is insolvent. There are also lawsuits that allege abuse during periods for which there is no insurance coverage. If covered claims are not resolved within policy limits, and depending on what may be required to resolve claims in periods without insurance coverage, the potential losses to the Organization could be material. As a result, substantial doubt exists about the Organization's ability to continue as a going concern.

During the year ended June 30, 2026, the Organization incurred legal expenses of $283,781 for legal fees, settlement and other costs related to the defense of these claims, as well as various other legal matters. During the year ended June 30, 2025, the Organization recovered $144,111 related to these matters, net of insurance reimbursement. The Organization may incur substantial future charges related to its defense and resolution of these matters but cannot reasonably estimate the potential uninsured costs.

A reasonable estimate of the potential loss associated with these claims cannot be made, so no accrual has been made in the financial statements for the years ended June 30, 2026 and 2025.

The self-insurance losses payable and excess insurance recovery receivable described in Note 6 relate to workers' compensation, property, general liability, automobile, unemployment, and other insured claims and do not include the sexual-abuse litigation described above. Because the amount of loss associated with the sexual-abuse claims cannot be reasonably estimated, no liability has been recognized for those claims as of June 30, 2026 and 2025.

Since 2002, the Organization has established numerous protocols, consistent with the norms of the U.S. Conference of Catholic Bishops, which provide safeguards and policies to mitigate future claims of sexual misconduct by clergy and lay employees within the Organization, and the Organization has more recently carried increased sexual misconduct liability insurance coverage as an added layer of protection against such exposure. The Organization also believes that any other non-sexual abuse claims will be resolved within the insurance limits available and/or will not represent a material risk to the Organization's financial position.

Chapter 11 Bankruptcy – On April 1, 2024, the Organization filed a petition to reorganize its affairs under Chapter 11 of the US Bankruptcy Code. The Organization continues to operate, though now in accord with the specific authorizations of the Federal Bankruptcy Court and the provisions of the Bankruptcy Code.

It is the intent of the Organization to settle all creditor claims within the bankruptcy proceeding. The Organization believes that the Chapter 11 proceeding provides the organizational structure necessary to resolve the claims and will ensure that the financial resources of the Organization are not exhausted without all of the claims being resolved.

Management's plans include continuing to operate under the authorizations of the Bankruptcy Court, negotiating and seeking confirmation of a plan of reorganization that resolves creditor claims, pursuing available insurance recoveries, monetizing selected assets, preserving unrestricted cash, and reducing or deferring discretionary expenditures. The timing and ultimate success of these plans are subject to Court approval, creditor negotiations, insurer performance, market conditions, and other factors outside the Organization's control.

Going concern - Management evaluated whether conditions and events, considered in the aggregate, raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date the financial statements were available to be issued. The Organization is subject to numerous sexual-abuse claims, filed for protection under Chapter 11 of the U.S. Bankruptcy Code on April 1, 2024, and faces uncertainty regarding the amount and timing of claim resolutions, insurance recoveries, and costs not covered by insurance. These conditions raise substantial doubt about the Organization's ability to continue as a going concern.

During the years ended June 30, 2026 and 2025, the Organization incurred expenses of $3,622,618 and $4,760,738, respectively, in professional fees, expenses, and other costs associated with the Chapter 11 filings and proceedings.

Note 2 – Summary of Significant Accounting Policies

The following items set forth the significant accounting policies that are followed in preparing and presenting the financial statements.

Basis of presentation – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). In preparing the financial statements, the Organization also considers applicable standards and guidance adopted by the United States Conference of Catholic Bishops.

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions. These assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Self-insurance liabilities - The Organization is self-insured for property, liability, workers' compensation, unemployment, and automobile programs up to specified retention limits. A liability is recognized when a loss is probable and reasonably estimable and includes estimated costs for reported claims and claims incurred but not reported. The liability is based on case reserves, historical claim experience, and other available claims information and considers claim frequency, severity, legal developments, inflation, and other relevant factors. Estimates are reviewed periodically, and changes in estimates are recognized in the period identified. Expected recoveries under excess insurance policies are recognized separately from the related self-insurance liability when recovery is probable and reasonably estimable. Such recoveries are not offset against self-insurance losses payable.

Cash and cash equivalents – Cash and cash equivalents consist of securities with original terms of maturity of less than three months and are recorded at cost which approximates market value.

Investments – Investments represent a portfolio of marketable securities, including mutual funds. The investments are reported at fair value based on quoted market prices, which are based on the value of the underlying securities. Realized and unrealized gains or losses on such investments, as well as any dividends and interest, are reported in the statements of activities, net of direct investment expenses.

Investment risk - The Organization's investments are subject to market, interest-rate, credit, and liquidity risk. The fair value of fixed-income investments may decline when market interest rates rise or when the credit quality of an issuer or counterparty deteriorates. Equity and investment-fund values may fluctuate with general market conditions. At June 30, 2026, approximately 75% of the investment portfolio consisted of government fixed-income securities, creating exposure to changes in interest rates and fixed-income market conditions. The Organization manages investment risk through diversification, approved investment guidelines, use of qualified custodians and investment managers, and periodic monitoring by management or the governing board.

Receivables – Receivables consist of various trade, miscellaneous receivables, and annual parish and school assessments. At each statement of financial position date, the Organization recognizes an expected allowance for credit losses. In addition, also at each reporting date, this estimate is updated to reflect any changes in credit risk since the receivable was initially recorded. The allowance estimate is derived from a review of the Organization's historical losses based on the aging of receivables. This estimate is adjusted for management's assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant by the Organization. The Organization believes historical loss information is a reasonable starting point in which to calculate the expected allowance for credit losses. The Organization determines credit loss based on historical losses, as well as assessment of parish and school financial position. As of June 30, 2026 and 2025, the allowance for credit loss was $495,584 and $511,475, respectively. As of June 30, 2026, 2025, and 2024, accounts receivable net of the allowance for credit loss was $455,377, $790,008, and $537,777.

Insurance receivables consist of amounts billed to the parishes and other affiliated organizations for property, liability, workers' compensation, unemployment, and health insurance. As of June 30, 2026 and 2025, the allowance for credit loss was $286,998 and $290,466, respectively. As of June 30, 2026, 2025, and 2024, insurance receivable net of the allowance for credit loss was $282,637, $393,631 and $199,961.

Notes receivable consist of unsecured credit extended to parishes, individuals, and other entities. Credit is extended based upon evaluation of the borrowing entity's financial condition and other factors. Collateral is not generally required. Balances are reported at face value. Notes typically have no stated maturity dates and may be due either on demand or in accordance with scheduled payments. The Organization reserves the right to convert any note, including interest accrued, to a contribution. Interest accrues on notes receivable in accordance with the interest rates applicable to the loans. As of June 30, 2026 and 2025, notes receivable, net of the allowance for credit losses, were $0 and $443,977, respectively.

Real estate and equipment – Real estate and equipment are stated at cost or at fair value at the date of donation. Acquisitions of real estate and equipment in excess of $2,500 and all expenditures for repairs, maintenance, and betterments that materially prolong the useful lives of the assets are capitalized. The Organization's policy is to provide for depreciation using the straight-line method over the estimated useful lives of the assets, which range from 3 to 50 years. As of June 30, 2026 and 2025, real estate is net of accumulated depreciation of $23,526,534 and $24,038,100, respectively. Equipment is net of accumulated depreciation of $1,341,722 and $1,302,950 as of June 30, 2026 and 2025, respectively. Depreciation expense was $1,039,058 and $1,276,419 for the years ended June 30, 2026 and 2025, respectively.

Assets held for sale – The Organization classifies long-lived assets and disposal groups as held for sale when their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. To be classified as held for sale, the asset or disposal group must be available for immediate sale in its present condition and the sale must be highly probable, generally expected to be completed within one year from the date of classification.

Assets held for sale are measured at the lower of their carrying amount or fair value less costs to sell. Upon classification as held for sale, the assets are no longer depreciated. Any write-down to fair value less costs to sell is recognized as a loss in the period of classification.

As of June 30, 2026 and 2025, the Organization had assets classified as held for sale totaling $19,315,641 and $11,903,413, respectively. Assets held for sale consisted of land and buildings. The expected sale of these assets is anticipated to be completed within less than a year. The carrying amount of these assets approximates their book value, which is less than fair value, net of costs to sell.

Management determined that fair value less costs to sell exceeded the carrying amount of the assets held for sale; therefore, no impairment loss was recognized during 2026.

Net assets – Net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions – represent resources that are not subject to donor-imposed restrictions and are available for general operations.

Net assets with donor restrictions – include resources whose use is limited by donor-imposed time and/or purpose restrictions. When a donor restriction expires or is filled, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Net assets with donor restrictions are net assets subject to donor-imposed restrictions that may or will be met by actions of the Organization and/or the passage of time. Net assets with donor restrictions consist primarily of restricted grants, pledges, and other contributions, endowment funds, as well as unappropriated earnings on donor-restricted endowment funds. At June 30, 2026 and 2025, the majority of net assets with donor restrictions consist primarily of donor-restricted funds and endowment funds, as further described in Notes 8 and 9.

Revenue recognition – Parish and school assessments are charged to parishes and certain other Roman Catholic organizations in the Diocese of Sacramento (Diocese) for the various administrative, financial, and programmatic support services provided to them by the Organization. The Organization evaluates the terms of the assessments, identifies performance obligations, and recognizes revenue over time as the services are provided.

Parish and school assessments - Parish and school assessments represent consideration for the Organization's stand-ready obligation to provide administrative, financial, and programmatic support during the fiscal year. The Organization recognizes assessment revenue over time, generally on a straight-line basis over the annual service period, because participating parishes and schools simultaneously receive and consume the benefits as the services are provided. Assessment rates are established annually.

Self-insurance premiums are received from other affiliated organizations for which the Organization acts as an agent providing property, liability, workers' compensation, unemployment, and auto insurance. Revenue is recognized in the period in which the insurance coverage is provided and is in effect.

Rental operations are made up of various building and site leases to tenants. The Organization recognized its tenants minimum rental payments on a straight-line basis over the terms of the operating lease agreement when collectability is reasonably assured and the tenant has taken possession or controls the physical use of the leased property. Leasing arrangements are not within the scope of Topic 606 (Accounting Standards Update No. 2015-14, *Revenue from Contracts with Customers*). Amounts received in advance are recorded as deferred revenue until earned. The Organization elected as a practical expedient to not separate non-lease components from lease components. The nonlease components have been aggregated with the associated lease components. The nonlease components are not considered significant to the financial statements.

Donations and bequests, donations from supporting organizations, and donations from special collections are comprised of revenue from gifts, grants, and bequests. Contributions are considered to be without donor restrictions unless they are specifically restricted by the donor. Contributions designated for future periods or restricted by the donor for specific purposes or in perpetuity are reported as contributions with donor restrictions. The Organization recognizes all unconditional contributions and promises to give in the period notified. Unconditional promises to give expected to be collected in future years are recorded at the discounted present value of their estimated future cash flows using a discount rate that is commensurate with the risks involved. Conditional promises to give or intentions to give, as defined by Accounting Standards Update (ASU) 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*, are not recorded in the financial statements until the conditions are met. There are no conditional promises to give as of June 30, 2026 and 2025.

Special collections - Special collections represent contributions received from parishes and donors for various national collections as coordinated by the United States Conference of Catholic Bishops (USCCB) for specified charitable purposes. Revenue is recognized when an unconditional contribution is received or promised and is reported as an increase in net assets with donor restrictions until the specified purpose has been satisfied. Distributions are recognized as expense when funds are remitted to the intended recipients.

Donations from supporting organizations - Donations from supporting organizations consist of contributions from The Catholic Funeral and Cemetery Services of the Diocese of Sacramento, Inc. and The Catholic Foundation of the Diocese of Sacramento, Inc. Contributions from these entities totaled $4,129,846 and $4,374,700 during 2026 and 2025, respectively.

Income taxes – Under Internal Revenue Code Section 501(c)(3), the Roman Catholic Bishop of Sacramento, has been determined to be exempt from federal and California state income taxes.

Functional allocation of expenses – The costs of program and supporting services activities have been summarized on a functional basis in Note 15 to the financial statements. The functional expense disclosure presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Direct costs, such as employees' salaries and benefits are allocated based on employees' best estimate of time and effort. Shared costs such as rent, depreciation, supplies, telephones, and insurance are allocated using a reasonable cost allocation method. Such allocations are determined by management on a reasonable basis that is consistently applied.

Significant concentrations of credit risk – The Organization has identified its financial instruments which are potentially subject to credit risk. The financial instruments consist principally of cash and cash equivalents, and investments on deposit in high credit quality financial institutions. These instruments are subject to other market conditions such as interest risk, equity market risks, and their implied volatilities.

Periodically, throughout the year, the Organization has maintained balances in various financial institutions including investment brokerage houses in excess of Federal Deposit Insurance Corporation (FDIC) insurance thresholds and Securities Investor Protection Corporation (SIPC) insurance limits. The Organization has not experienced any losses in such accounts in the past. At June 30, 2026 and 2025, the Organization's uninsured balances totaled $2,289,260 and $4,004,866, respectively.

Reclassifications – Certain reclassifications have been made to prior period financial statements to conform to the current period presentation. These reclassifications had no impact on net assets for the year ended June 30, 2025.

Subsequent events – Subsequent events are events or transactions that occur after the statements of financial position date but before the financial statements are available to be issued. The Organization recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of financial position, including the estimates inherent in the process of preparing the financial statements. The Organization's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of financial position, but arose after the statements of financial position date and before the financial statements are available to be issued.

The Organization has evaluated subsequent events through October 23, 2026, which is the date the financial statements are available to be issued.

Note 3 – Investments

Investments are recorded at fair value. The Organization's policy is to invest in nonspeculative issues providing safety of capital, current income, and sustained growth.

A summary of investments as of June 30, is as follows:

	2026	2025
Government fixed income securities	$ 57,978,396	$ 56,149,449
CRI Intermediate Diversified Bond Fund	4,210,371	3,936,695
CRI Opportunistic Bond	4,202,558	3,918,095
CRI International Equity Fund	3,583,748	3,341,959
CRI Multi-Style Equity Fund	2,920,082	2,760,279
CRI Core Equity Index Fund	2,899,609	2,765,389
CRI Small Capitalization Equity Index Fund	1,110,911	1,009,136
CRI International Small Capitalization Equity	440,458	420,166
Mutual Funds - Domestic Equities	121,670	108,261
Nongovernment fixed income securities	10,461	3,558
Total	$ 77,478,264	$ 74,412,987

Note 4 – Notes Receivable, Net

Notes receivable, net included one note secured by a deed of trust, and various unsecured notes, as of June 30, 2025, as follows:

	2025
Various unsecured notes receivable, with monthly payments that range from $300 to $4,240 and yearly payments that range from $0 to $18,432 at various interest rates that range from 2.44% to 6.25%, and various maturity dates that range from 3 to 20 years, net of expected credit losses.	$ 443,977

As of June 30, 2026, the Organization had no outstanding notes receivable.

Note 5 – Real Estate, Net

Real estate, net consists of the following:

	2026	2025
Buildings	$ 15,106,673	$ 19,456,300
Building improvements	37,954,766	41,643,842
Land	517,375	1,460,432
Total	53,578,814	62,560,574
Less accumulated depreciation	23,526,534	24,038,100
Real estate, net	$ 30,052,280	$ 38,522,474

Note 6 – Self-insurance losses payable and excess insurance recovery

The Organization self-insures, with certain stop-loss insurance coverage for property, liability, workers' compensation, unemployment, and auto insurance programs for the administrative offices and participating parishes, schools, and other affiliated organizations within the Diocese of Sacramento.

The self-insured workers' compensation benefits provided to its employees includes various exposure limitations. The Organization retains a portion of its exposure to workers' compensation claims. Historical retention amounts consist of the following:

Prior to 1990	$75,000 to $150,000 per claim
1990 to June 30, 2002	$175,000 per claim
July 1, 2002 to June 30, 2003	$250,000 per claim
July 1, 2003 to June 30, 2020	$500,000 per claim
July 1, 2020 to June 30, 2022	$250,000 per claim
July 1, 2022 to current	$500,000 per claim

The self-insured liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported.

Since self-insured claims depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing claims liability does not necessarily result in an exact amount. These liabilities are evaluated on a case-by-case basis and are re-evaluated periodically to take into consideration historical experience of the more recently resolved claims, the frequency of claims, and other economic and social factors.

The Organization maintains excess insurance coverage for certain self-insured claims. As of June 30, 2026 and 2025, the Organization recognized excess insurance recovery receivables of $23,279,863 and $86,990, respectively, related to amounts expected to be recovered under applicable excess insurance coverage. The June 30, 2026 balance includes $22,405,519 related to a significant claim. Total losses incurred related to this claim are estimated at $23,741,650 of which $1,336,131 has been paid and $22,405,519 was reserved as of June 30, 2026. The applicable excess insurance coverage limit for this claim is $25,000,000.

The self-insurance losses payable balance includes the estimated ultimate cost of reported claims and claims incurred but not reported under the Organization's self-insurance programs. At June 30, 2026 and 2025, the liability was $26,442,539 and $3,928,437, respectively. The increase during 2026 primarily reflects the significant claim described above and other claim development. The estimate reflects assumptions regarding claim frequency, severity, legal trends, and expected settlement patterns. The Organization recognizes excess insurance recoveries separately from the related liability when recovery is probable and reasonably estimable. Management believes recognized recovery receivables are collectible based on applicable coverage and claims information.

Note 7 – Employee Health Benefits

The Organization discontinued its Self-insured Employee Health Benefits program effective December 31, 2017. The Organization joined the Religious Employers Trust Association to provide for employee health benefits effective January 1, 2018.

Note 8 – Net Assets with Donor Restrictions

Net assets with donor restrictions at June 30, 2026 and 2025, may be expended for:

	2026	2025
Donor restricted endowment	$ 16,138,982	$ 14,942,301
Program services		
Education	3,745,856	3,384,520
Ministerial	159,135	159,137
Special collections	-	830
	$ 20,043,973	$ 18,486,788

Net assets were released from donor restrictions by satisfying the following purposes:

	2026	2025
Special collections	$ 2,162,400	$ 1,969,025
Education	586,000	548,600
Seminarian	106,700	108,000
	$ 2,855,100	$ 2,625,625

All net assets with donor restrictions for program services are expected to be released from restriction by June 30, 2033, except those held in perpetuity.

Note 9 – Endowment Fund

The Endowment Fund includes donor-restricted monies received by the Organization under the condition that the funds be held and invested in perpetuity. As required by U.S. GAAP, net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions. Earnings are released when spent in accordance with the donor's purpose.

Interpretation of relevant law – The Organization has interpreted the Uniform Prudent Management of Institutional Funds Act of 2006 in California (CPMIFA) for donor restricted endowment funds as requiring the preservation of the fair value of the original gift as of the gift date unless there are explicit donor stipulations to the contrary. As a result of this interpretation, the corpus of funds subjected to CPMIFA is classified as with donor restrictions. The corpus represents the fair value of the original gifts as of the gift date, and all subsequent gifts where the donor has indicated the gift be retained in perpetuity. The value of assets in excess of original gifts in donor restricted endowment funds are classified as net assets with donor restrictions until appropriated for expenditure by the Organization.

In accordance with CPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate earnings on donor restricted endowment funds:

1. The duration and preservation of the fund

2. The purposes of the Organization and the donor restricted endowment fund

3. General economic conditions

4. The possible effect of inflation and deflation

5. The expected total return from income and the appreciation of investments

6. Other resources of the Organization

7. The investment policies of the Organization

The Organization's policy is to invest in nonspeculative issues providing safety of capital, current income, and sustained growth, while complying with the United States Conference of Catholic Bishops' policies regarding socially responsible investing. In addition to endowment investments, the Organization invests funds from other restricted donations in which earnings and interest have also been designated as restricted by the donor. The amounts of restricted investment income from donations not classified as endowments were $341,891 and $269,486 for the years ended June 30, 2026 and 2025, respectively. The amount of endowment distributions that went to the general fund to be spent on educational, ministerial, and parochial services totaled $591,700 and $546,600 for the years ended June 30, 2026 and 2025, respectively. The remaining distributed amounts from the endowments of $101,000 and $110,000 for June 30, 2026 and 2025, respectively, were made to third parties as satisfaction of program requirements were met.

Endowment appropriation and distributions - Under the governing-board-approved spending policy, the Organization appropriates for distribution each year an amount equal to 5% of total endowment balance. Amounts appropriated from donor-restricted endowments remain within net assets with donor restrictions until the applicable purpose restrictions are satisfied. During 2026, the Organization distributed $692,700 from endowment funds. Of this amount, $591,700 was used to support educational, ministerial, and parochial services, and $101,000 was distributed to third-party beneficiaries in satisfaction of donor-restricted purposes. The $101,000 is reported as 'Distributions - Endowments' in the statement of activities.

Endowment net assets, June 30, 2024	$ 14,119,592
Investment income	1,463,773
Contributions	15,536
Distributions	(656,600)
Endowment net assets, June 30, 2025	14,942,301
Investment income	1,889,381
Distributions	(692,700)
Endowment net assets, June 30, 2026	$ 16,138,982

The endowments are for the following restricted purposes:

	2026	2025
Schools and scholarships	$ 13,628,905	$ 12,651,689
Seminarians and vocations	2,510,077	2,290,612
	$ 16,138,982	$ 14,942,301

Funds with deficiencies – From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or CPMIFA requires the Organization to retain as a fund of perpetual duration. At June 30, 2026 and 2025, the Organization had one endowment fund with a deficiency. The original endowment gift amount was $10,751 at both June 30, 2026 and 2025, and the fair value of the underwater endowment fund was $5,418 and $4,785, respectively. These deficiencies are reflected in net assets with donor restrictions. For funds with deficiencies, no expenditures are allowed until the funds recover.

Return objectives and risk parameters – The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to the Organization's operations that is partly supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity. Under this policy, the endowment assets are invested in a manner that is intended to produce results that exceed the amount appropriated for operations by the rate of inflation while assuming a moderate level of investment risk. Actual returns in any given year may vary from this amount.

Spending policy and how the investment objectives relate to spending policy – The Organization has a policy of appropriating for distribution each year an amount equal to 5% of corpus. Over the long term, this is expected to provide support for the intended purpose while keeping the increase/(decrease) year-over-year minimal to help provide the predictable level of funding needed. The effect of this draw is to gradually increase the amount of annual support when the endowment is growing and postpone the award if the endowment value falls. In establishing this policy, the Organization considered the long-term expected return on its endowment. Accordingly, over the long term, the Organization expects the current spending policy to allow its endowment to grow at least at the rate of inflation. This is consistent with the Organization's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

Note 10 – Defined Benefit Pension Plan for Lay Employees

The Organization sponsored the Diocese of Sacramento Lay Employees Pension Plan with EIN 47-3767727 and Group No. 928. This plan is a qualified, diocesan-wide, noncontributory, multi-employer, defined benefit pension plan (a Cash Balance plan) covering substantially all lay employees of participating employers, including the Organization. The Plan is considered fully funded as of January 1, 2025. The plan was frozen effective December 31, 2018. The contribution percentage paid by participating employers, including the Organization, was approximately 1% and 2.5% of gross wages during the years ended June 30, 2026 and 2025. The contributions made by the Organization during the years ended June 30, 2026 and 2025, were $59,499 and $147,356, respectively. The portion of the plan's funded status as it relates directly to the Organization has not been determined. The Organization believes that any over or under funding of the plan as it relates to the Organization's share is not material to these financial statements.

Note 11 – Employer Sponsored 403(b) Plan

Effective January 1, 2019, the Organization adopted a new employer sponsored 403(b) plan. The plan is a diocesan-wide, multi-employer plan, and covers substantially all full-time employees in the Organization. Effective January 1, 2019, all eligible employees receive into their 403(b) accounts an employer contribution equal to 6% of their gross pay. The contributions made by the Organization during the years ended June 30, 2026 and 2025, were $356,993 and $353,655, respectively. Participating employers contribute 6% of gross payroll to cover the prescribed 403(b) contributions.

Note 12 – Defined Benefit Pension Plan for Priests

The Organization sponsors the Diocese of Sacramento Priest Pension Plan with EIN 47-3789746 and Group No. 928. This Plan is a qualified, diocesan-wide, noncontributory, multi-employer, defined benefit pension plan covering all priests who are ordained or incardinated in the Diocese and hold an assignment in the Diocese. The plan benefit is based upon a priest's years of service in the Diocese. The plan is funded via contributions made by all participating employers on an annual premium per priest basis. As of July 1, 2025 the Plan is fully funded. The premium paid per priest for the years ended June 30, 2026 and 2025, by participating employers, including the Organization, was $12,550 and $12,308 per priest, respectively. The total contributions made by the Organization during the years ended June 30, 2026 and 2025, were $75,300 and $73,848, respectively.

The qualified plan described above provides a basic benefit for all eligible priests.

Note 13 – Related-Party Transactions

The Organization, pursuant to formal contracts, provides day to day management, financial, and administrative services to its supporting organizations, including The Parochial Fund, Inc. (Parochial Fund), and The Catholic Foundation of the Diocese of Sacramento, Inc. (Catholic Foundation). For these services, the supporting organizations each pay the Organization a monthly fee/reimbursement for services provided. The accounts receivable from the Catholic Foundation and Parochial Fund totaled $58,233 and $80,702 as of June 30, 2026 and 2025, respectively. Donations received from the Catholic Foundation during the years ended June 30, 2026 and 2025 were $3,515,446 and $3,770,200, respectively. During the years ended June 30, 2026 and 2025, the Organization received fees/reimbursements of $805,433 and $742,400 for these services, respectively. These fees/reimbursements are recognized as an offset in parochial and administrative services expense.

Note 14 – Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following tables present the investments carried at fair value on the accompanying statements of financial position as of June 30, by valuation hierarchy:

	2026			
	Level 1	Level 2	Level 3	Total
Investment funds				
Government fixed income securities	$ -	$ 57,978,396	$ -	$ 57,978,396

Note 15 – Functional Expense Classification

The financial statements report certain categories of expenses that are attributable to programs and general and administrative services. The Organization has no fundraising expenses. The schedule below details the expenses by category:

	2026		
	Program Services	General and Administrative	Total
Self-insurance program	$ 8,876,325	$ 1,684	$ 8,878,009
Personnel	5,722,435	1,340,267	7,062,702
Audit, legal, other professional	328,332	3,936,435	4,264,767
Ministerial services	3,023,990	140,010	3,164,000
Distributions - Special Collections	2,127,491	-	2,127,491
Social Service	1,857,042	-	1,857,042
Occupancy	202,386	911,680	1,114,066
Depreciation	11,332	1,027,726	1,039,058
Travel, training, functions	297,252	69,919	367,171
Dues and memberships	81,176	252,077	333,253
Property expense	70,709	232,975	303,684
Donations	292,457	-	292,457
Other expense	1,317	220,109	221,426
Building maintenance	133,085	60,030	193,115
Auto expense	128,896	22,945	151,841
Advertising	27,314	3,125	30,439
Total expenses	$ 23,181,539	$ 8,218,982	$ 31,400,521

	2025		
	Program Services	General and Administrative	Total
Self-insurance program	$ 7,787,159	$ 1,649	$ 7,788,808
Personnel	5,502,423	1,412,700	6,915,123
Audit, legal, other professional	236,329	5,070,002	5,306,331
Ministerial services	2,729,078	145,382	2,874,460
Social Service	2,041,181	-	2,041,181
Distributions - Special Collections	1,907,259	-	1,907,259
Depreciation	15,347	1,261,072	1,276,419
Occupancy	256,969	838,500	1,095,469
Donations	340,463	-	340,463
Travel, training, functions	251,828	76,089	327,917
Dues and memberships	75,688	239,538	315,226
Property expense	71,295	202,137	273,432
Other expense	836	202,507	203,343
Building maintenance	145,349	51,945	197,294
Auto expense	144,615	27,618	172,233
Advertising	10,121	3,677	13,798
Total expenses	$ 21,515,940	$ 9,532,816	$ 31,048,756

Note 16 – Liquidity and Availability of Resources

Financial assets available for general expenditures, that is without donor or other restrictions limiting their use, within one year of the statement of financial position at June 30, are comprised of the following:

	2026	2025
Financial assets		
Cash and cash equivalents	$ 7,223,176	$ 7,128,365
Accounts receivable, net	455,377	790,008
Insurance receivable, net	282,637	393,631
Investments	77,478,264	74,412,987
Total financial assets	85,439,454	82,724,991
Less financial assets unavailable for general expenditure within one year		
With donor restrictions	(20,043,973)	(18,486,788)
Workers' compensation insurance security deposit	(3,868,056)	(4,016,660)
Financial assets available to meet cash needs for general expenditures within one year	$ 61,527,425	$ 60,221,543

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing activities. Additionally, the Organization operates under a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor restricted resources.

At June 30, 2026, the Organization had $61,527,425 of financial assets available to meet cash needs for general expenditures within one year. This amount does not necessarily represent funds available without limitation to resolve all claims in the Chapter 11 proceeding. The use of certain assets may be subject to Bankruptcy Court approval, operational requirements, settlement terms, contractual limitations, or other restrictions. The Organization manages liquidity by maintaining cash and marketable investments, monitoring short-term cash-flow forecasts, operating under an annual budget, pursuing insurance recoveries, and evaluating asset sales and other funding alternatives. The amount and timing of cash required to resolve claims and fund a plan of reorganization remain uncertain. See Note 1 for the going-concern and Chapter 11 disclosures.
